

WOODSMOKE REDUCTION PROGRAM

Manufactured Home Form

Thank you for your interest in the Shasta County Woodsmoke Reduction Program! You are pre-qualified for a repair or replacement of your current wood heating device. Because you own a mobile or manufactured home, the installation of your new heating device will be permitted by California Department of Housing and Community Development (HCD). In order to apply for a permit, specific information is required. The easiest way to gather this information is to get a copy of your title/registration card.

If you are unable to locate your title, please provide the following information. If any of this information does not match what is on record with HCD, you will need to contact HCD to establish the correct information.

Decal: _____
(typically 3 letters and 4 numbers, i.e. AAA1111)

Insignia (HCD/HUD) Label: _____

Serial Number (VIN number): _____

Manufacturer ID/Name: _____

Model: _____

Date of Manufacture: _____

Owner Name(s): _____
(must appear exactly as noted on the title and registration)

Park Name and ID (if avail.): _____

For assistance from HDC:

Registration and Titling: 916-323-8356 (both English and Spanish options)

CONTACTRT@hcd.ca.gov

www.hcd.ca.gov/codes/registration-and-titling/

PLEASE NOTE THAT INSTALLATION OF A NEW HEATING DEVICE WILL NOT BE SCHEDULED UNTIL ALL INFORMATION IS RECEIVED AND A PERMIT SECURED!

In some cases, if the required information cannot be located, a request for Technical Services will need to be submitted to HCDE for a \$196 fee and an HCD Inspector will come to the property to locate the necessary information on the home.

Thank you for your commitment to improving air quality and public health in your community.
