Dr. B. L. Trelstad, Secretary of Shasta County Medical Society, states the viewpoints of the medical society regarding management of County Hospital.

MARCH TERM, 1941

Letters are read from M. Burneice Larson, Director The Medical Bureau regarding employment of a medical director for Shasta County Hospital and from Dr. Harold Kahn stating his inability to continue working at Shasta County Hospital under the present circumstances.

Motion is made by Supervisor Junkans that resolution be passed authorizing the County Physician to accept assistance at the Shasta County Hospital of any physician in Shasta County, to serve without extra cost to Shasta County under the direction of the County Physician in the management of said hospital.

Motion is seconded by Supervisor Chatham.

The Clerk calls the roll with the following result:

Supervisor Junkans -- Yes
 " Plumb -- Yes
 " Colby --Pass
 " Chatham -- Yes
 " Jessen -----

Before voting Supervisor Jessen reads a statement, requesting the Clerk to incorporate said statement in full in the minutes of the Board of Supervisors and places same on file in the records of the Board. The following statement was placed on file and is now made a part of these minutes:

" I am against permitting the Shasta County Hospital to be used by any doctors that are not under Shasta County's control and supervision for the reason that all members of the Board of County Supervisors who permit doctors or any employee to remain in the employ of the County after our attention has been drawn to any neglect, negligence, or careless acts, and if we are informed or have reason to believe that such employees are incompetent, careless, or negligent, we are personally liable in damage to anyone who suffers a loss by reason of such negligence, carelessness or neglect.

I make this statement entirely out of preservation of my own position. I have no personal dislike for any of the present Hospital employees or any of the contemplated ones.

The complaint recently made against the present County Hospital employees and the investigation made by all of the Board places us upon notice.

I am also against the Shasta County Hospital being used as an experimental station by doctors over whom we have no control or supervision, and who are performing services unknown to us. It is my view that such an arrangement will not meet with the approval of the majority of the taxpayers of Shasta County.

For these reasons I vote "no" and direct the Clerk to incorporate my remarks in the minutes of this Board, word for word, which will be my protection in the event litigation is instituted against me. "

Supervisor Colby states that he is of the same opinion as Mr. Jessen on this matter and requests the same action regarding above statement.

Vote is taken:

Supervisor Colby -- No.
 " Jessen - No.

Motion is declared passed and it is so ordered.

The Board of Supervisors adjourns sine die.

ADOPTION OF PRELIMINARY BUDGET

This being the time set for hearing on completed budget, Dr. Earnest Dozier presents objections to Welfare Budgets.

Motion is made by Supervisor Plumb, seconded by Supervisor Colby, that the budget be adopted as submitted and that the tax rates for the fiscal year 1941-1942 be fixed as set forth in the preliminary budget.

By motion duly seconded and carried, resolution is passed adopting the budget and setting the tax rate for the fiscal year, 1941-42 as follows:

RESOLUTION ADOPTING BUDGET AND FIXING TAX RATE

There having been filed with the County Auditor, prior to the 1st day of July, 1941, by each county official, elective or appointive, in charge of an office, department, service or institution, an itemized estimate showing both the probable revenue from sources other than taxation and all expenditures required by his department for the ensuing fiscal year as required by Section 3714 of the Political Code, and the Board of Supervisors having submitted to the Auditor a statement showing all new road and bridge construction to be financed from any source and also the cost of road and bridge maintenance or betterment and all other expenditures proposed to be made;

And the Auditor having prepared the tabulation required by law showing the complete expenditure program of the county for the current fiscal year and the sources of revenue by which it is to be financed;

And said tabulation having been submitted by the Auditor to the Board of Supervisors on the 20th day of August, 1941, and having been duly considered by the Board and any revisions, reductions or rates which were deemed advisable having been made on said date, and said tabulation being adopted by said Board of Supervisors as the preliminary county budget;

And the same having been mimeographed in pamphlet form and a notice having been published in a newspaper of general circulation stating that said budget had been prepared and was available for distribution to all tax-payers desiring a copy thereof and setting forth that on the 20th day of August, 1941, the Board of Supervisors would meet for the purpose of fixing the final budget and determining the tax rates and levies, said notice being given at least ten days before said 20th day of August, 1941, as will appear from the affidavit of publication on file with the Clerk of this Board, which is hereby referred to;

And the Board of Supervisors having met, pursuant to said notice, on Wednesday, the 20th day of August, 1941, and a hearing being thereupon held upon said budget and upon each and every item thereof, said hearing being completed on the 20th day of August, 1941;

Upon the conclusion of said hearing, therefore, the Board of Supervisors of the County of Shasta, State of California, hereby fixes and determines each item of the budget as hereinafter set out and by this resolution hereby adopts the budget as so finally determined and hereupon fixes the rate of county taxes as hereinafter set out, the detailed budget being in the office of the Clerk of this Board, reference being hereby made to the same.
