INSTALLATION CERTIFICATION OF ELECTRICAL EQUIPMENT

(Rev: 01-03-23)

THIS COMPLETED AND SIGNED DOCUMENT SHALL BE PRESENTED TO THE INSPECTOR AT TIME OF FINAL INSPECTION.

Article 110.3 (B) of the 2022 California Electrical Code (CEC) states "Equipment that is listed, labeled, or both shall be installed and used in accordance with any instructions included in the listing or labeling."

The California Electrical Code requires that portions of electrical systems, should only be accessed by qualified persons. This rule is intended to ensure that only people who have training or understand relevant hazards are allowed in certain areas of an electrical installation.

The installation of equipment and all associated wiring and interconnections shall be performed only by qualified persons*. (CEC 690.4(C))

Definitions:

***Qualified person:** One who has the skills and knowledge related to the construction and operation of the electrical equipment and installations and has received safety training to recognize and avoid the hazards involved.

EQUIPMENT INSTALLER'S DECLARATION STATEMENT

As required by the manufacturer's specifications, California Electric Code, and California solar guidelines, I am qualified to install all components of the photovoltaic solar system. I hereby certify that all components of the electrical equipment were installed per locally adopted codes, manufacturer's specifications and according to the installation manual.
