I. Call to Order & Welcome

Board Members

Kalyn Jones, Chair

Heather Jones, Vice Chair

Alan Mullikin

Angel Rocke

Cindy Greene

Connie Webber

David Kehoe

Erin Dooley

Jo-Ann Medina

Laurie Lidie

Mary Rickert

Matilda Grace

Ron Henninger

Samuel Major

Wesley Tucker

II. Public Comment

Members of the public will have the opportunity to address the Board on any issue within the jurisdiction of the Board. *Speakers will be limited to three minutes.*

III. Announcements and Staff Updates

- A. Staff will address Public Comment, if needed, to follow up from the previous meeting.
- B. Outcomes on follow-ups from Miguel
- C. Mental Health Awareness Month Proclamation

IV. Consent Calendar

The following Consent Calendar items are expected to be routine and non-controversial. They may be acted upon by the Board at one time without discussion. Any Board member or staff member may request that an item be removed from the Consent Calendar for discussion and consideration. Members of the public may comment on any item on the Consent Calendar before the Board's consideration of the Consent Calendar. Each speaker is allocated three minutes to speak.

A. Approval of Meeting Minutes

Board members will review and approve minutes from the March 13, 2024, Regular Meeting and April 10, 2024 Special Meeting.

V. Presentations

- A. Drug/Misdemeanor Diversion Program District Attorney's Office
- B. MHSA Outcomes: CARE Center Nick Zepponi, Hill Country Community Clinic

VI. Regular Calendar

Public Comment will be invited prior to the close of each item.

VII. Discussion Items

- A. Review and consider approval of the "Authentic Workshops and Horse Encounters" application and consider recommending that the Shasta County Board of Supervisors approve the "Authentic Workshops and Horse Encounters" innovation project.
- B. Review and discuss the Mental Health Services Act, Innovation Plan: Psychiatric Advance Directives Phase II Multi-County Collaborative.
- C. Review the Mental Health, Alcohol and Drug Advisory Board calendar schedule for June 2024-December 2024 and consider approval of discussed changes.
- D. Review speaker cards and consider implementation of their usage.
- E. Discuss attendance and expectations of Board Members.
- F. Update on Proposition 1
- G. Discuss creating a subcommittee to monitor the outcomes of MHSA Programs.
- H. Board members may ask questions about the Director's Report.
- I. Board members may make suggestions for future agenda consideration.
- J. Ad Hoc Committee Update: Annual Report 2023.
- K. Ad Hoc: Membership Nominating Committee
- L. Discuss new Bylaw requirements that will be effective January 2025

VIII. Board Member Committee Reports

Board members will report committee meeting updates.

"The County of Shasta does not discriminate on the basis of disability in admission to, access to, or operation of its buildings, facilities, programs, services, or activities. The Shasta County Mental Health, Alcohol and Drug Advisory Board will make available to any member of the public who has a disability a needed modification or accommodation including an auxiliary aid or service, in order for that person to participate in the public meeting. A person needing assistance should contact Katie Nell by telephone at (530) 229-8496, or in person 2640 Breslauer Way, Redding, or by mail at P. O. Box 496048, Redding CA 96049-6048, or by e-mail at MHADAB@co.shasta.ca.us at least two (2) working days in advance. Accommodations may include, but are not limited to, interpreters, assistive listening devices, accessible seating, or documentation in an alternate format. If requested, this document and other agenda materials may be made available in an alternative format for persons with a disability who are covered by the Americans with Disabilities Act. Questions, complaints, or requests for additional information regarding the Americans with Disabilities Act (ADA) may be forwarded to the County's ADA Coordinator: Monica Fugitt, Director of Support Services, County of Shasta, 1450 Court Street, Room 348, Redding, CA 96001-2676 Phone: (530) 225-5515 Fax: (530) 225-5345 California Relay Service: 711 or 1-(800)-735-2922, E-mail: adacoordinator@co.shasta.ca.us.

Public records which relate to any of the matters on this agenda (except Closed Session items), and which have been distributed to the members of the Advisory Board, are available for public inspection at Shasta County Health and Human Services Agency, 2640 Breslauer Way, Redding, CA 96001. This meeting may be recorded. If there are any questions regarding this agenda, please contact Katie Nell at 530-229-8496, or via e-mail at MHADAB@co.shasta.ca.us.

April 10, 2024 Meeting Minutes

Diversion Program

Emily Mees, Chief Deputy District Attorney

Stephanie A. Bridgett,
Shasta County District Attorney

Purpose of the Program

- Started in 2017
- Changes in the California Criminal Justice system have created challenged for law enforcement agencies, particularly in the area of drug violations.
 - Biggest issue: Holding offenders accountable while focusing on rehabilitative needs.
- Program is designed to divert-low level drug offenders from the criminal justice process at the earliest stage possible
 - Has been expanded to other low level misdemeanor offenders with the introduction of Advent

District Attorney Diversion Program

- Misdemeanor Drug Diversion Program
 - Home grown pre-filing
 - Advent (added in early 2023, started referring summer 2023)
- Misdemeanor Diversion Program
 - Pre-filing Advent (added in early 2023, started referring summer 2023)
 - Post-filing Advent
 - Pre-trial Diversion Penal Code 1001.95
 - Includes all misdemeanors except:
 - Domestic Violence/Family Violence Cases
 - Sex offender registrants
 - Stalking charges
 - DUI Charges

Original Pre-Filing Diversion Process

- Initial screening for eligibility by Attorney
- If referred:
 - Case are then be sent to CVAC advocate, who will make contact with candidate and determine interest and suitability for program
 - Candidate will then be screened in person by CVAC advocate using screening tool to assess his/her level of drug addiction
 - Depending upon score of assessment, candidate will be given requirements to complete in order to satisfy program requirements
 - If candidate is successful, DDA will decline to file criminal case
 - If candidate is unsuccessful, DDA will file criminal case

Current Review Process

- For pre-file drug diversion, it follow the same process but also incorporates Advent
- For other low-level misdemeanors, offenders are sent a letter to determine interest
 - If interested, they complete an online class that is 4 hours or 8 hours
 - Advent classes include:
 - Alcohol and substance abuse
 - Anger Management
 - Animal Care
 - Corrective Thinking
 - Firearm Responsibility

- Harassment
- Life Skills
- Theft
- Traffic Safety
- Underage Alcohol & Substance Abuse

Client Population

- Original Pre-filing Diversion client population:
 - 18 to 30 years old
 - Minimal criminal records.
 - Stable phone/address/contact information
 - Willingness to comply
- It was expanded to any age with a minimal criminal history to try to give the opportunity to a greater population.

Program Budget

- Funding for the diversion program comes from Community Corrections Partnership
- Budget
 - DA: One DDA
 - CVAC: One Advocate
- Advent has a participant cost, but our office doesn't pay or receive any money from the referrals.

Program Effectiveness

- In previous years, we have reviewed 700 to 800 potential cases for diversion.
 - Cases referred: 50 to 60
 - We had around 5 a year that successfully completed
- Two big issues that hurt the program were Covid and New Case Management Systems.
- Since Broadening the Program and Bringing in Advent (FY 23-24)
 - 40 People have Passed so far
 - 73 People Are Currently in Progress

Feedback from Participants of Original Program

- "I didn't feel guilt about the things I was doing. I didn't allow myself to because all I knew was chasing that next high. I hurt so many people, and most of all I hurt myself. Today my life has completely changed for the better. I have my family in my life again, and there actually happy with me. The friends I have now are doing the same thing I am doing living a happy healthy clean and sober life. I exercise daily and listen too AA speakers on my phone. I also work in my garden growing tons of fruits and vegetables. Reminding me to tend to my recovery as I tend to my plants. Today I actually finish stuff and am productive. I wouldn't give my life today up for anything. I am also attending college online starting the 31st. Trying my best just to be a productive honest thought full woman."
- "Thank you so much for all your help! I really do appreciate your offices flexibility when working with my busy schedule."
- "Yes everything is going really good, I always look forward to joining the meetings. They help alot thank you for checking on me."

Service Gaps and Barriers

Service Gaps

 Reliant on timing of receiving cases from the agencies in order to allow enough time for the program to be utilized

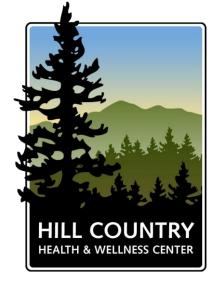

Barriers

- Requires an email address and a computer
- Cost for Advent portion
- Improved Effectiveness
 - Collection of email addresses from law enforcement
 - When interface goes live with RPD, APD and SCSO.

CARE CENTER

Mental Health Services Act (MHSA)
Community Services and Supports (CSS) Program

MHSA History of the Community Mental Health Resource Center (CMHRC)

03/2016 **CMHRC** 03/2017 1985 Hill 11/2015 Request For **CARE Center** County **MHADAB** Proposal Doors Founded Approved (RFP) Opened Fall 2014 12/2015 BOS Summer Stakeholder **Approved** 2016 Hill and Country's Community Proposal was **Partners** accepted Identified the Need for a **CMHRC** *First Shasta County MHSA Innovations (INN) Project*

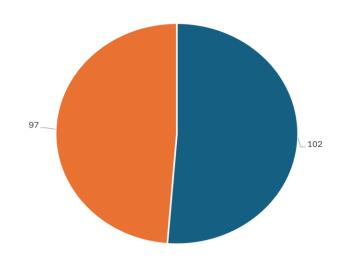

CARE Center History

- Hill Country was founded by a small group of friends as a frontier clinic in Round Mountain in 1985.
- In 2016, we partnered with Shasta Health and Human Services to open our Counseling and Recovery Engagement Center, widely known as the CARE Center, serving individuals of all ages
 - The CARE Center serves as an urgent mental health resource center for people seeking professional help during and after crisis situations, with immediate access to community resources and recovery support.
- In 2019, and in a similar collaboration with Shasta HHSA we began our Mobile Crisis
 Outreach team (MCOT) which provides mobile mental health crisis services to Redding,
 Anderson, and Shasta Lake, and surrounding areas.
- Further expansion of MCOT is expected in 2024.

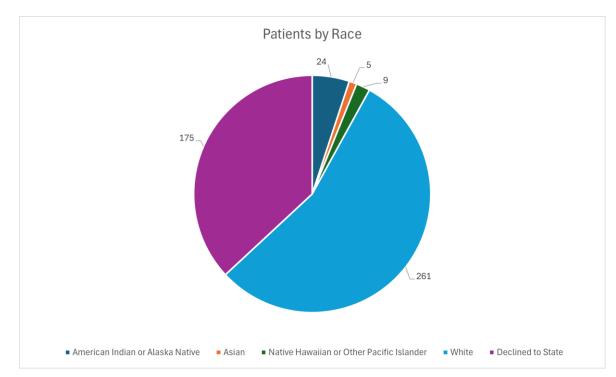

Demographics Q1 2024

Patients by Housing Status

Housed Clients
 Unhoused Clients

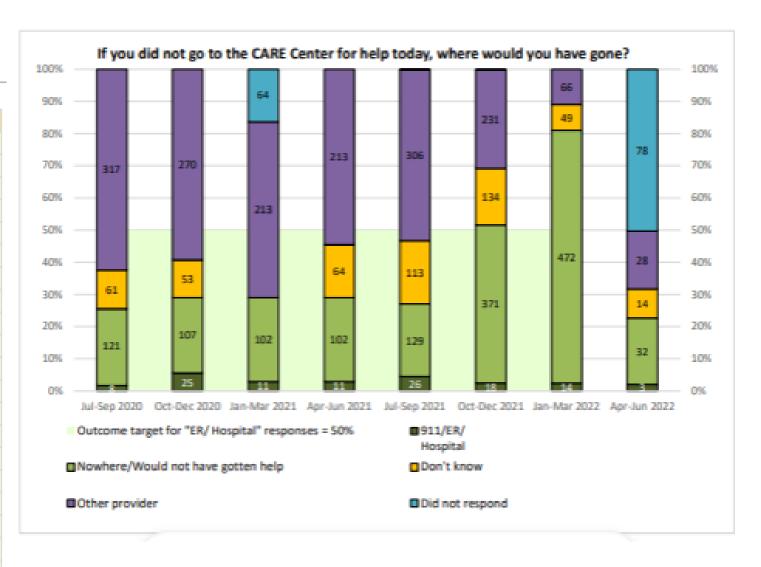

"Adults, children and older adults with a serious mental illness or emotional disorder often lead lives characterized by recurrent, significant crises. These crises are not the inevitable consequences of mental disability, but rather represent the combined impact of a host of additional factors, including lack of access to essential services and supports, poverty, unstable housing, coexisting substance use, other health problems, discrimination and victimization."

-SAMHSA's "Practice Guidelines: Core Elements for Responding to Mental Health Crises".

Outcomes

Outcomes Data	Q1 2024		
New Referrals Received	199	~	Appx. 66.3 (per month)
Total unique individuals served/total visits:	491/2486	~	Appx. 27.3 (visit/day)
Total services provided Q1 2024	3283	~	Appx. 36 (per day)

"The problems of the world cannot possibly be solved by skeptics or cynics, whose horizons are limited by the obvious realities. We need [people] who can dream of things that never were, and ask why not." --JFK, 1971

Contracted Expected Outcomes

Contractor shall provide all CARE Center services with the intent to meet the following expected outcomes:

a) Assessment

- 1) Average of 200+ unique individuals per quarter (85% or higher).
- 2) 50% or more Clients receiving assessment services self-report that they used the CARE Center instead of a hospital emergency room.
- 3) 50% or more of the Clients completing survey respond that the existence of the CARE Center made them more likely to seek services.
- 4) 50% or more of the Clients completing the survey respond that services are easier to access because of the existence of the CARE Center.

b) Peer-Staffed

1) Average of 85+ unique individuals per quarter (85% or higher).

c) Partner Organizations

- 1) 85% or more of given referrals result in the Client successfully receiving the services/resources to which they were referred.
- 2) 75% or more of those completing surveys report an increase in knowledge and comfort when seeking/discussing mental health services.
- 3) 85% or more of those who complete surveys, report better access to mental health services due to location and time of group/class.

Contracted Expected Outcomes cont...

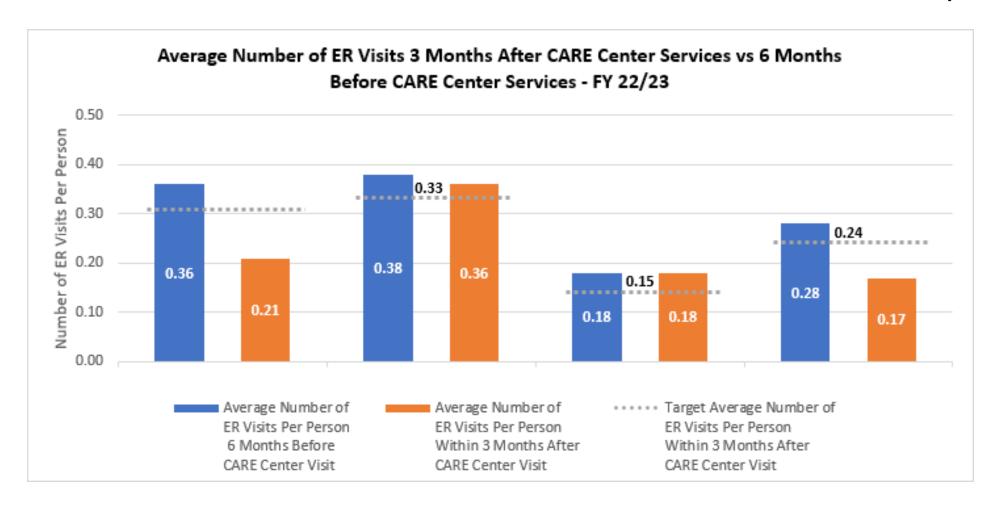

Unique Individuals Served: Goal 85 per quarter: Goal Met

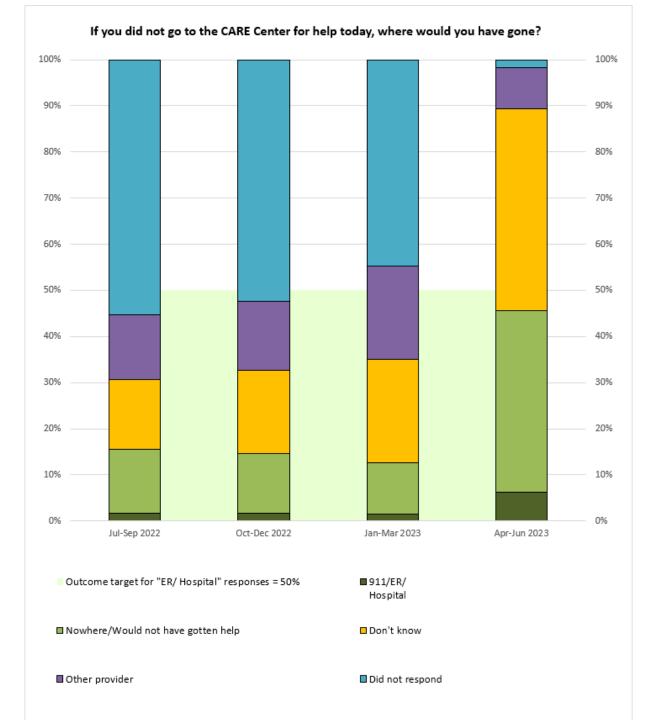

Contracted Expected Outcomes cont...

Decrease in ER Visits: Decrease of 15% from before services: Goal Met 2 out of 4 Quarters

Contracted Expected Outcomes cont...

Would have gone to the hospital, nowhere, or didn't know:

Q1: 31%,

Q2: 33%,

Q3: 35%,

Q4: 89%

Project Overview

Primary Problem

Since the 1990s, psychiatric advance directives (PADs) have been a part of the California patient rights statute embedded in the probate code. However, since the 1990s, relatively little is known about a PAD, how to create one, who can create one, how a PAD is stored, and who will access the PAD should there be a need. Subsequent legal statutes, such as Assembly Bills (AB) 1029, 2288 and Senate Bill (SB) 1338, have been added. These bills have added language but still do not clarify what a standalone PAD could entail.

Several counties, Contra Costa, Fresno, Mariposa, Monterey, Orange, Shasta, and Tri-City, partnered together in 2021 to create a standardized PAD template, a digital Platform, and provide in-the-moment access to the PAD for first responders, crisis teams, and hospitals. This project was initially approved as a Mental Health Services Act (MHSA) Innovations Project (Concepts Forward Consulting, 2021). That portion of the project is now identified as Phase One.

The current project request, or Phase Two, seeks to solve questions arising from the initial project, which cannot be answered without in-depth testing and evaluation. Phase Two will be completed through the "live" testing of a digital PAD and the digital Platform. Some of the outstanding questions to identify will be: how does using a trained facilitator enhance access, use, and completion of the PAD; does training first responders and hospitals reduce recidivism in the jail or hospital settings; do healthcare advocates assist in reducing unnecessary incarcerations or hospital placement; does a technological product protect an individual's rights; does the electronic PAD offer in-the-moment crisis de-escalation; do hospitals honor predetermined medications and physical/behavioral health information; and are digital PADs easy to use and access?

Phase One of the Multi-County PADs Innovations Project will sunset on June 30, 2025. Per the Phase One approval on June 24, 2021, the following is expected to be accomplished.

- Partnership with Peers and first responders to standardize PAD template language for incorporation into an online and interactive cloud-based webpage.
- Utilize Peer Support Specialists to help peers create their PADs (lived experience and understanding can lead to open dialogue and trust).
- Create a PADs facilitator training curriculum and present a training-the-trainer model for facilitation.
- Create sustainable technology that is an easily reproducible approach that can be used across California.
- Legislative and policy advocacy to create a legal structure to recognize PADs.
- Outcomes-driven evaluation of the development and adoption of PADs, including ease of use and understanding of PADs.

As the Phase One accomplishments are projected to be fully completed by June 30, 2025, the next steps would be to test the technology or digital platform in "live" time and evaluate its success and challenges. To create the blueprint but not utilize this truly innovative and one-of-a-kind technology would be a disservice to all who dedicated time to the Phase One project.

Testing the PAD technology and training those who access and use the PAD is the natural next step to statewide adoption.

Additionally, the PADs project aligns with current legislative actions, including AB 2352, which has been brought about directly through the work on Phase One. This bill will align language and provide definitions of a PAD throughout statute. The project also aligns with utilizing a PAD with the Community Assistance, Recovery, and Empowerment (CARE) Act within the CARE Court system. The project aligns with the current Mental Act Services Oversight and Accountability Commission (MHSOAC) Strategic Plan goals of advocacy for system improvement, supporting universal access to mental health services, participation in the change in statutes, and promoting access to care and recovery.

The potential passing of Proposition 1 also aligns naturally with the use and access of a PAD. To focus on housing and supportive services for our unhoused individuals with a behavioral health condition, Early Psychosis, Full-Service Partnerships (FSP), Veterans, justice-involved, recently hospitalized, both in the Emergency Department (ED) or Inpatient Unit (IPU), co-occurring substance use disorder, mobile crisis teams, Crisis Intervention Team (CIT) programs, and any individual within the mental health system of care, in which pre-determination of a potential behavioral health crisis could be averted and appropriately addressed, only strengthens the need for PADs throughout the system of care.

What has been done elsewhere to address the primary problem?

As mentioned earlier, PADs have been around for over 30 years with little adherence and acceptance among behavioral and physical health organizations, hospitals, and first responders. A PAD is currently a paper document that can be upwards of 30- pages and is simply unavailable during a behavioral health crisis. Ironically, since the PADs Phase One project started in 2021, very little has been accomplished elsewhere in the world.

Substance Abuse and Mental Health Services Administration (SAMHSA) updated its crisis app (SAMHSA, 2020), but it remains a personal crisis plan with individual access only. In a discussion with the American Psychiatrist Association through a Phase One contact with an individual responsible for creating the app, it was mentioned that "anyone can fill out a PAD; you could even create one for Darth Vader." This does not display a secure app or trustworthy document if anyone can fill out a PAD using any name. In addition, an individual would have to sign on to the SAMSHA app and hand their smart device over to a first responder or hospital staff. Active peers and peer support specialists have reported that this would be an unreasonable request for someone in a behavioral health crisis. However, the idea of having a crisis app remains a commendable approach.

The State of Washington has introduced a Senate bill, SB 5660, to create a workgroup to develop recommendations for the effective implementation of PADs, standardization, training, and accessibility. In California, these recommendations will be fully accomplished during Phase One of the Multi-County PADs project's completion.

France was working on PADs within the Psychiatric hospital setting in 2021 and has since published their findings in the Journal of the American Medical Association (Tinland, 2022). The findings spoke to the use of Peer Workers and the success of PADs completion with Peer facilitation.

Many states and countries continue to utilize PADs only when a person has been detained and under emergency orders and found to lack capacity. The Multi-County project identifies how a person can use a PAD in a crisis to reduce unnecessary incarceration or hospitalization and provide the individual with resources for appropriate services.

The Proposed Project

Phase One of the project will culminate in a final digital build with the ability to input a "live" PAD and access to this information in summary format, based on consent, to first responders and hospital staff. It is only natural for Phase Two to be implemented. By training Peer Support Specialist or other facilitators how to walk an individual through filling out a PAD and training courts, first responders, hospitals, and crisis teams on how to access and use a PAD, the project will make a change to the overall behavioral health system and impact and improve existing practices for autonomy, self-determination, crisis care, and recovery. The project will do so by implementing the following actions.

Phase Two will focus on up to fifteen participating counties of varying sizes. This amount will represent one-quarter of the State of California. Though a PAD can be utilized for all in society, for the project's purpose, each county will identify priority populations of focus which may include but are not limited to justice-involved, including 90-day reach-in with scheduled to release incarcerated, Assisted Outpatient Treatment (AOT), FSP, housing insecure, individuals that visit Wellness Centers, Crisis Residential, follow-up after hospitalization (either in-patient or emergency department), non-minor dependents, college students or the transitional-aged youth (TAY), including college students and early psychosis intervention, CARE Courts, and mobile crisis, with the purpose to:

- 1. Engagement and introduction to PADs for new counties joining the project. Working with their county agencies, first responders, courts and behavioral health departments, local NAMI chapter, and peer organizations to become proficient in understanding and using PADs. The engagement of the peer community and those with lived behavioral health conditions to understand the advancements of technology and how a digital PAD can positively impact their recovery.
- 2. *Training* will be the main component of the project. Whether virtually, in-person, or provided on the digital platform, training on using and accessing a PAD will be closely monitored throughout the project. Training will add to first responder briefings, CIT Teams, academy training, CARE Courts for judicial and attorney staff, and Peer training for Peer Support Specialists and within certification, peer supporters within the court systems, and agencies the counties have identified as priority populations. This training is layered with information on what a PAD is, the legal status of a PAD in California, and how to access a PAD for use by the individual inputting their personal information and those professionals that will access a PAD in the line-of-duty. Digital literacy is also a component of the project. It is not only what it means to have the ease of creating a PAD but also to protect the information for in-the-moment access by a crisis responder.
- 3. **Testing** of the Platform use and access. Once Peer Support Specialist, law enforcement, crisis teams, and hospital IPU and ED staff are trained in using and accessing the digital PAD, it will be time to test the PAD in the "live" environment. This will be a longitudinal study to truly investigate the ease of use, number of PADs filled out, law enforcement, and hospital disposition to determine how the digital PAD impacted the reduction of incarcerations and 5150 applications for hospitalization.

- 4. **Evaluation** throughout the process will continue from where Phase One concludes. Burton Blatt Institute (BBI) will continue to evaluate the use of PADs and their intersection with technology throughout the project. The evaluation will include gathering data through interviews and observation and including all Internal Review Board (IRB) requirements. This evaluation will culminate in the publication of results.
- 5. **Transparency** of the project will remain a top priority. With the website www.padsCA.org, the project can update the participating county communities and interested parties on the progress made within the project and all information to learn more about PADs and the digital format.

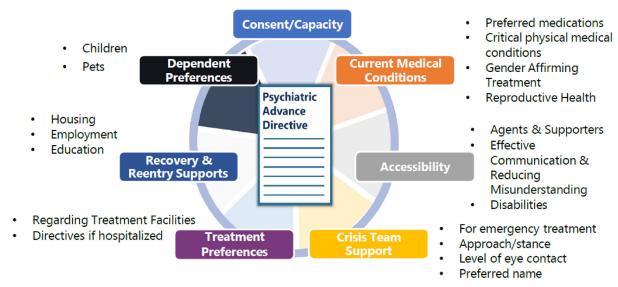

Project Overview

Phase One outcomes

Understanding what layers of Phase One were accomplished is essential for describing the Phase Two project objectives. The completion of this work has laid a solid foundation for Phase Two.

Peer contractor Painted Brain led a series of workgroups that included the voices and recommendations of peers, Peer Support Specialists, family members, and first responders, including crisis teams and law enforcement, and reviewed and analyzed a half dozen different PAD documents available throughout the Nation. In an effort that took over a year, each section and questions were analyzed for relevance and identifying crucial missing information was added. This created a group of components to standardize the PAD template language for incorporation into the cloud-based application. One-off participation in California was also added along the way, which included work previously completed on reproductive rights and preferences.

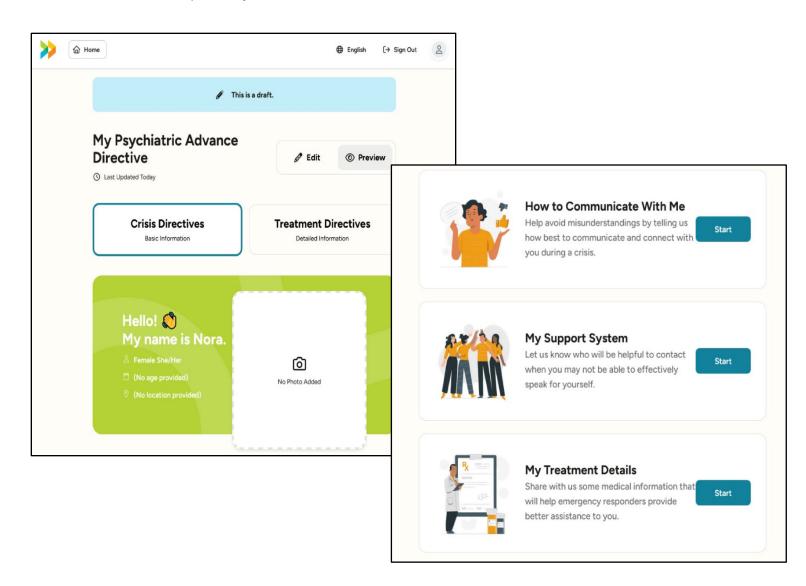

Identified PAD Digital Categories

Painted Brain also created a Peer Support Specialist facilitation curriculum. This curriculum is being taught in a training-the-trainer format in the Spring of 2024. Though the training is geared

toward peer support specialists, county staff will also attend it. The most important aspect is learning how to sit with someone to assist them in filling out the digital PAD. The curriculum includes a 20-hour training on PADs overview, advocacy, digital literacy, facilitator intervention and skills, and practice vignettes. The final training module will be included in Phase Two training learning management system (LMS.)

Chorus Innovations, Inc. spent over a year engaging in parallel workgroups with Painted Brain, utilizing many of the same groups to identify the technological aspects of the build. Some aspects of the iterative and inclusive process included what did the questions ask, what did the drop-down menus look like, how did the format feel to use, was the Platform easy to operate, but also going further to understand what areas would self-populate, what did the instructions look like, what Terms of Service language is used, and how will the Platform obtain a legal signature. There are many nuances to building the platform from the ground up. Though the initial thought was to build the user upload and access components simultaneously, it became apparent that the peer user experience needed to be the priority. Now that this initial build is complete, Chorus is focusing on the first responder, hospital, and crisis team user experience. This will be completed by June 2024.

Concepts Forward Consulting, in addition to the complete oversight of Phase One and moving both subcontractors and counties along in a fantastic arena of collaboration, also took on the time-consuming task of soliciting legislation to support the idea of PADs as a standalone document that could be used and accessed in a crisis in California. Though identified in statute, the idea of the PAD as a legal document still has not resonated around California. Through guidance from statewide partnerships with the California Hospital Association, Disability Rights of California, NAMI, American Psychiatric

Association, MHSOAC, California Behavioral Health Director's Association, and Patient Rights Attorneys, the idea of streamlining, Probate, Penal and Welfare and Institution Codes, came to fruition with the introduction of AB 2352. Concepts Forward Consulting will continue to shepherd the alignment of language, use, and access throughout the legislative process during Phase Two.

In addition, and through discussions with law enforcement, it was determined that a protected access point, in addition to the Platform, where LE could obtain information in the moment on the way to a call for service would be that of the California Law Enforcement Telecommunications System, or CLETS. This system is overseen by the Department of Justice (DOJ) and the Attorney General. With state legislative assistance, Concepts Forward Consulting secured a meeting with the DOJ. Through talks with the DOJ, California's Attorney General has supported the PADs project and its integration into the CLETS Platform. However, many legal and technical nuances must be addressed before such actions can be completed. Added into Phase Two will be the actual design and work plan for Chorus and the DOJ to create the connection to access summary information that may be available to assist in a crisis situation.

During Phase One, Idea Engineering engaged in an interactive process with participating counties, peers, Peer Support specialists, family members, first responders, and hospital staff to create PAD branding, communication guidelines, and a logo. They also created the project

website, which has been used transparently to communicate its advancements and introductory videos in English and Spanish. The videos, Phase One details, all reports, and current evaluations can be viewed at www.padsCA.org.

Throughout Phase One, an essential component is evaluation. RAND and BBI have been reviewing the user experience, the iterative engagement process, facilitator training, and the building of the platform or technology focus. Through this evaluation process, it has been determined that the actual success of the PAD and the Platform cannot be identified at the end of Phase One. It is imperative to start Phase Two, where the Platform can demonstrate true systems of change. These changes will be identified as changes in power, money, habits, technology or skills, and ideas or values. It will take time to gather this longitudinal information, thus the reasoning behind a more comprehensive study of use and access throughout the multi-year Phase Two project. The outcome will also result in documentation of reduced costs for counties with reduced recidivism in jails and hospitals.

Phase Two

The Multi-County PADs Project Phase Two continues to embrace the MHSA standards of community, stakeholder, and iterative engagement, extensive training, sustainability with legislative support, a multi-layered approach to access PADs both digitally and within the CLETS data mining for law enforcement and crisis teams, testing and improving the digital platform for use and access, and through a multi-year evaluation publish the findings in reputable journals and publications. The final goal is to have a live, digital PAD that is easy to use, easy to access by a controlled group of providers, and easily accessible throughout the State of California. Up to fifteen counties will participate in Phase Two rollout, with the first year of Phase Two dedicated to onboarding new counties, while existing Phase One counties conclude the building stage of the Platform.

Though PADs are helpful for any population, for this project, the PAD will focus on those adults over the age of eighteen who are living with a behavioral health condition. Each county will identify priority populations on which to focus efforts. These populations can include but are not limited to, FSP, AOT, Non-Minor dependents, TAY, soon-to-be-released incarcerated with a 90-day reach-in, recently hospitalized in ED or IPU settings, crisis team contacts, least restrictive option for conservatorship, CARE Court, Veterans, and housing insecure.

Phase One counties have assisted in creating a truly collaborative project. The expectation is that the collaboration will continue with the addition of new counties to test the project's digital platform. Due to staffing limitations within the counties throughout California, Phase Two of the project is proposed to increase contractor staffing to ensure all deliverables are met and to assist counties that may not have the staffing needed to devote to this worthwhile project. The expectation is more in-person county-specific training and technical assistance.

Limited expectations of a participating county would be to arrange stakeholder meetings or identify critical stakeholders for subcontractors to contact; attend monthly or time-specific meetings/workgroups, which may include the following topics: technology, marketing, county-to-county, training, full-project collaboration, county one-on-one; and attend the bi-annual inperson learning collaborative held in a host county.

Budget Narrative and Project Budget

Concepts Forward Consulting (CFC)

Concepts Forward Consulting (CFC) would continue as the lead project director for Phase Two of the Multi-County PADs project. Concepts Forward Consulting continues to meet the following expectations in Phase One and will continue these expectations in Phase Two.

Continued services: Leading county and subcontractor activities throughout the project from start to completion; working closely with the County and oversight staff to ensure all requirements are met; ensuring the collaborative nature of Multi-County participation; oversight of all project aspects, ensuring county input and voice; oversight of subcontractor deliverables; overseeing financial oversight of subcontractors; approving all invoices and scope of work materials; managing county relationships and expectations of subcontractors; coordinating with all subcontractors to ensure proper flow of project and inclusion of all counties and stakeholders; identifying achievable goals and ensuring success in completion or necessary adjustments; providing and managing project timelines with flexibility as allowed; coordinating with counties on financial matters, subcontractors, and data oversight to ensure funding is spent following county guidelines; ensuring achievable deliverables are accomplished; assisting in the coordination of all statewide and county-specific stakeholder meetings; creating required county-specific reports; work with legislation to achieve sustainability of PADs in the state; and arrange bi-annual convening of all project participants in a learning community training and collaboration.

Phase Two, CFC will expand services to include:

- On-site training teams for law enforcement, first responders, crisis teams, courts, and higher education on using and accessing the PAD and Platform.
- Provide subject matter professionals for training videos, as requested.
- Identify priority populations to serve within each participating county.
- Partner with Peer training contractor to provide training support as needed.
- Continue working with the DOJ to connect the subcontractor Platform and the CLETS system for in-the-moment access to the PAD.
- Provide presentations and participate in conferences or journal articles highlighting the work of the Multi-County project.
- Provide ongoing technical assistance to participating counties.
- Continued work with legislation aligning PADs language across Probate, Penal, and Welfare and Institution Codes.
- Provide project transparency through the oversight of the project website.
- Identify the sustainability of the Platform upon completion of the project.

The budget expenses will encompass the expansion of staff, which may include three full-time equivalent (FTE), Project Director, Project Coordinator, and Training Coordinator, plus three stipend law enforcement and nursing subject matter experts, benefits, travel, and miscellaneous; all costs are cumulated into one overall budget.

Alpha Omega

Alpha Omega Translations is a full-service agency specializing in translation, interpretation, multilingual website development, and desktop publishing services in over 220 languages. For

over 30 years, AO has executed high-end multilingual projects for Federal Government agencies, corporations, and other organizations. Alpha Omega Translations provides on-site, inperson, virtual, remote, and over-phone interpreting services.

Core Deliverables

- Virtual Remote Interpreting
- On-Site In-Person Interpreting
- Over the Phone Interpreting
- Translation of documents
- Translation of videos
- Multiple language

Chorus Innovations, Inc.

Chorus Innovations will move from the build stage of Phase One to the "live" roll-out of the Platform for the participating counties and their identified priority populations. In addition, as Chorus prioritizes Spanish language as a priority in the Phase One build, additional threshold languages will be able to be addressed within Phase Two. Phase One activities of iterative engagement will continue to ensure stakeholder participation and to create best practices when completing the data Platform. Chorus will include the connection to the California Justice Information System or CJIS to ensure CLETS can data-mine the appropriate information for inthe-moment crisis information and de-escalation preferences.

Chorus proposes Phase Two additions as follows:

- 1. Chorus Platform licensing, hosting, and data storage
- 2. 24x7 monitoring, backup, compliance, and security
- 3. Implement and maintain select integrations (e.g., CLETS)
- 4. Unlimited access for residents and designated staff

Technical Support: Standard business hours for routine support, 24x7 for Urgent and High priority issues

Additional one-time support for implementing integrations (could be used to expand CLETS compatibility and other data sources)

Ongoing iterative improvements to PADs application through the completion of Phase Two.

Idea Engineering

Idea Engineering is a full-service marketing agency specializing in communications that create community. They have worked with several county mental health systems and multiple MHSA-funded campaigns. Idea Engineering's work is seen in suicide prevention efforts, Prevention and Early intervention projects, and drug and alcohol prevention marketing videos and print campaigns.

Idea Engineering will continue in Phase Two with the following project deliverables.

1) ENGAGEMENT

Develop materials to be used in marketing to peers and other individuals who may fill out a PAD, their family members and caregivers, and agency partners such as hospitals, law enforcement, court systems, and crisis teams.

A. Toolkit Materials

- Toolkit materials may include:
- Promotional information sheets for agency partners
- Training support materials, such as pocket cards for agency partners
- Information sheets on topics such as patient rights
- Videos excerpted from Phase One interviews
- Posters, brochures, or cards
- Digital graphics for use in social media, intranet, or other digital channels
- Branded promotional products

B. OPTIONAL: Printing & Production of Promotional Products Idea Engineering will purchase branded materials to promote PADs.

C. Customization of Toolkit Materials in New Threshold Languages Updates to the logo and all Toolkit materials will be provided for general, peer, and family member/caregiver audiences. Alpha Omega or a similar contractor will provide translation services.

- Introductory video customization
- Stock video and photos representing people fluent in the language.
- Logo customization in new language
- Preparation of all Toolkit PDF materials for general, peer, and family member/caregiver audiences
- Preparation of all artwork for branded promotional products

2) TRAINING

Working with agency partners to develop customized training videos for each group. Services to include planning, creative and technical direction, scripting, storyboards, production planning, editing, and delivery in agreed-upon formats.

- Hospital Training Video
- Law Enforcement Training Video
- Court Systems Training Video
- Crisis Teams Training Video

3) TECHNICAL SUPPORT

Technical assistance may include:

- Participation in planning meetings and statewide convenings
- Provide services to support counties' PAD communications, training, and implementation, such as strategic consultation, creative direction, design, copywriting and editing, translation, video production, art production, website programming, production coordination, media planning, buying, and coordination.
- Website support for county updates

- Evaluation and reports, including annual report
- 4) WEBSITE DEVELOPMENT & SUPPORT (after completion of Phase One on 6/30/25) Provide updates as needed for project promotion and documentation. Provide website analytics reports monthly and annually.
- 5) WEBSITE HOSTING & TECHNICAL MAINTENANCE (after completion of Phase 1 on 6/30/25)
 - Provide website hosting
 - Website plug-in licensing, including website accessibility software
 - Technical maintenance
- 6) MEDIA ADVERTISING- as directed by the needs of participating counties
 - Commercials
 - Social media

Painted Brain

Painted Brain has been a leader in innovative peer-driven services for the past decade. They have participated in peer advocacy projects like PADs and the Peer Advocacy and Education Grant. They have been instrumental in the component identification, peer Facilitator curriculum, and Training for the Trainer in Phase One of the MHSA Multi-County PADs Project.

Painted Brain staff self-identify as living with direct or indirect experience of mental illness. They also hold training under SB 803 for Peer Certification, allowing Peer Support Specialists to bill for Medi-Cal service delivery.

Peer models remain at the forefront of reducing stigma and discrimination and assisting in reducing personal and institutional stigma. Research suggests that simply having a peer assist in facilitating a PAD makes the document more likely to be filled out thoroughly and truthfully, and the individual will identify that they have a PAD in the moment of a crisis.

Painted Brain will continue with the following deliverables as new counties are onboarded In Phase Two.

- 1. Provide outreach, information, and education about the intersection of Peers, Peer support specialists and PADs.
- 2. Support Peer Voice within a county or contribute to the conversation if there is no peer representation in the county.
- 3. Engaging peers of diverse cultural backgrounds and preferences.
- 4. Provide in-person and or virtual Training for the Trainer Facilitator training.
- 5. Participate in legislative development and advocacy.
- 6. Additional Phase Two:
 - a. Work with project staff to engage DHCS to include PADs in the Peer Support Specialist Certification specialization.
 - b. Create a curriculum for Peer Certification specialization.
 - c. In addition to peer facilitation training, participate as the voice of the peers in training provided for courts, hospitals, crisis teams, law enforcement, and first responders.
 - d. Assist with the Platform enhancements as needed throughout Phase Two.

Evaluation

Burton Blatt Institute (BBI)

Burton Blatt Institute (BBI) will expand its role in Phase Two. As the project moves to training on the Platform and the digital PAD, it made the most sense to consolidate the evaluation process to one subcontractor. BBI proposes the following evaluation overview, with the expectation of publication upon completing the Multi-County PADs project.

1. Purpose of the evaluation:

The Syracuse University Burton Blatt Institute (BBI) evaluates the processes and outcomes of accessing and using a Psychiatric Advanced Directives (PADs) web-based platform supporting the Multi-County PADs Innovation Project. We hope that this evaluation will help to improve the ways that people with mental health challenges and community-based agencies that serve them use a web-based PAD platform to honor their treatment and support preferences during times when they are not able to do so independently.

- 2. What does the evaluation entail?
- Gather data through interviews: We will gather data by interviewing County PADs Project Managers, County-employed Peer Specialists, Community-based agencies, and Stakeholders (e.g., Law Enforcement, Crisis Teams, Hospital Staff, etc.), and eventually people with mental health challenges who are using the PADs web-based platform.
- Gather data through observations: We will also regularly attend, observe, and note meetings and workgroups that the county, its Partners, and people with mental health challenges attend.

The data collected and analyzed will result in a final report provided to each county.

3. Confidentiality:

All information collected is strictly confidential. Names are not associated with what is said in evaluation reports or conversations. During the evaluation, more information on our confidentiality methods will be provided.

4. Goals of the Evaluation:

Enhance Peer Experience and Involvement:

- Explore how the PADs platform incorporates input from individuals with mental health challenges (peers).
- Evaluate whether peers believe the PADs platform will effectively support them and improve their lives when they are in crisis,
- Evaluate whether the PADs platform may improve peer recovery, reduce involuntary incarceration, reinforce self-determination, reduce homelessness, criminal justice involvement, and crisis mental health treatment.

Improve Community-based Agencies' Practices:

- Assessing whether counties and their community-based agencies serving individuals
 with mental health challenges believe that the PADs platform enhances their practices
 and tools for supporting peers in crisis.
- Explore the likelihood of broader adoption of the web-based PAD among agencies serving individuals with mental health challenges when they are in crisis.

Evaluate the integration of the web-based PAD into the current technology and practices
of agencies encountering and supporting people with mental health challenges when in
crisis.

Impact on Systems and Policies:

- Examine if the PADs platform is viewed and used as a tool for supporting changes in laws, funding, paradigms, and practices at the systems level that honor people with mental health challenges' self-direction and choice when in crisis.
- Identify the cost reduction within hospital EDs and law enforcement using and accessing the PAD and Digital Platform.

Sustainability

Initially, for the Phase One build, it was thought the project would be ready as a standalone Platform for the entire state to utilize. Through the thoughtful and meticulous process, a new direction emerged to the testing of the Platform for use, understanding, access, training, and evaluation. With up to fifteen counties participating in the Multi-County Phase Two project, outcomes will provide details encompassing a quarter of the state. Only through testing can we fully determine the use and operability of the Platform itself.

Additional needs for sustainability are related to legislation. With Phase One acquiring AB 2352, the first step will be carried into Phase Two for the alignment of PADs language throughout the statute and the ability to use PADs in a crisis and not if an individual is deemed to have lost capacity.

Finally, the construction of Phase Two will give the state and legislators the information they need to carry the Platform forward indefinitely. The Multi-County initiative will genuinely change the system of care for individuals facing a behavioral health crisis by training, testing, improving, and evolving.

Communication

As in Phase One, counties receive an annual write-up to add to their required MHSA reporting. In addition, the annual report and all project updates are posted on the public-facing website www.padsCA.org. This type of open communication will continue in Phase Two.

- Date Proposal posted for 30-day Public Review: 04/19/2024

Description of the Local Need

When a person is experiencing a mental health crisis, it can be difficult for that person to state their preferences for treatment. Without a Psychiatric Advance Directive, law enforcement, hospital staff, and other care providers can be operating blindly in terms of what types of medications work well for the patient, what other medical conditions exist, what may de-escalate the patient, what may trigger the patient, and other variables that are critical to safe, effective care. Shasta County patients and families have expressed that they often feel helpless when dealing with law enforcement and hospital staff because they feel they have no control over their own situation, and a Psychiatric Advance Directive would empower that person to use their voice, even when they are incapacitated. Locally, the timing is very good to begin working on a PAD system, as law enforcement and peer support have been added to the mental health care system in several significant ways. Crisis Intervention Trainings have become more standardized in our local law enforcement agencies, and a mobile crisis team was launched in 2021, in which law enforcement and clinicians go out on calls together and work as a team to assist people experiencing mental health crisis. Our peer support specialists have trained hundreds of people in WRAP techniques, and they believe a standardized system for creating and retrieving person-centered Psychiatric Advanced Directives would be a useful next step in helping patients access the services they need more effectively, so they can return to independence more quickly. Shasta County is also inspired by other jurisdictions' experiences in which creation of PADs has built trust with community members, prompting them to voluntarily seek more preventative levels of mental health care, and it is our strong desire to replicate that. We anticipate focusing first on people experiencing homelessness and will rely on stakeholders to advise on what populations would be a priority next as the program rolls out and we learn more about it.

Description of the Response to the Local Need

We believe the project will:

- Build community capacity among law enforcement, peers, the court system, mental health care providers and others to ensure consumer choice and collaborative decision-making.
- Improve participant care in a crisis.
- Reduce recidivism.
- Engage participants in their treatment and recovery.

Description of the Local Community Planning Process

The PAD concept was described to stakeholders originally during a quarterly stakeholder meeting on March 30, 2021 and the concept was received favorably. Stakeholders were invited to attend a PADs presentation by Chorus, which gave a glimpse at what the website will look like. One presentation was done at each of our Wellness Centers to gain valuable feedback from peers on the project. Chorus presented at a Mental Health, Alcohol and Drug Advisory Board meeting, additionally at a meeting with First Responders in Shasta County. Board members, peers and first responders all supported the concept. This plan will be circulated for public comment, go to the Mental Health, Alcohol and Drug Advisory Board, and will be scheduled to go before the Shasta County Board of Supervisors.

Budget Narrative for County Specific Needs:

In addition to the personnel costs, Shasta County's budget includes evaluation, informational publications, peer incentives or training, office materials, outreach materials and technology needs for the direct services staff helping support peers to complete their PAD.

Total proposed budget

Shasta County's total contribution for this 4-year budget is \$425,000.

1stnd Monday of every month

Shasta County Mental Health, Alcohol and Drug Advisory Board 2024

Regular/Special* Meeting Schedule

(Second Wednesday of the Month)

Location: Boggs Building 2420 Breslauer Way, Redding, CA. 96001

June 3, 2024 @ 5:30 pm * location TBD

REQUEST FOR APPEARANCE BEFORE THE SHASTA COUNTY MENTAL HEALTH, ALCOHOL AND DRUG ADVISORY BOARD (MHADAB)

The Shasta County Mental Health, Alcohol and Drug Advisory Board provides an opportunity at each regular meeting for persons to present comments to the Board. Pursuant to the Ralph M. Brown Act (Govt. Code Section 54950 et. seq.), the Board will take no action and will hold no discussion on matters presented during public comment unless the matter is an action item on the Board agenda. The Board may refer the subject matter to the appropriate department or agency for follow-up and/or to schedule the matter on a subsequent Board agenda.

Persons wishing to present comments are requested to comply with the following protocol:

- a. Persons making presentations shall complete the remainder of this form and return it to Nicole Carroll at Mental Health, Alcohol and Drug, 2640 Breslauer Way, Redding, CA 96001, or by e-mail (preferred) to ncarroll@co.shasta.ca.us no later than 4:30 p.m. on the day of the meeting.
- b. The presentation should not exceed three (3) minutes unless prior approval of the Chair has been granted.
- c. The presentation should be directed to Board business only and not be used for personal attacks or commentary on Board members, Department staff, or others.

Name:
Interest (check one):
☐ Consumer

- Denial of Expediated Appeal: None
- Filed for Other Reasons: 18

Shasta County MHP Grievance Report Fiscal Year 2023-24 Quarter 3

Grievance Reasons Defined:

- Related to Customer Service Customer service grievances include complaints about interactions with the Plan's Member Services department, provider offices or facilities, Plan marketing agents, or any other Plan or provider representatives.
- Related to Case management Care management/case management grievances include complaints about the timeliness of an assessment
 or complaints about the Plan or provider care or case management process.
- Access to Care Access to care grievances include complaints about difficulties finding qualified in-network providers, excessive travel or wait times, or other access issues.
- Quality of Care Quality of care grievances include complaints about the effectiveness, efficiency, equity, patient-centeredness, safety, and/or acceptability of care provided by a provider or the Plan.
- <u>County (Plan) Communication</u> Plan communication grievances include grievances related to the clarity or accuracy of beneficiary materials or other Plan communications or to a beneficiary's access to or the accessibility of beneficiary materials or Plan communications.
- <u>Payment/Billing issues</u> Grievances related to payments or billing for Mental Health Services provided by the plan. Suspected Fraud Suspected fraud grievances include suspected cases of financial/payment fraud perpetuated by a provider, payer, or other entity. Abuse, Neglect or Exploitation Abuse/neglect/exploitation grievances include cases involving potential or actual patient harm.
- <u>Lack of Timely Response</u> Grievances related to a lack of timely Plan response to a service authorization or appeal request (including requests to expedite or extend appeals).
- <u>Denial of Expedited Appeal</u> Grievances related to the Plan's denial of a beneficiary's request for an expedited appeal. Filed for other reasons Grievances filed for a reason other than the reasons listed above.

Mental Health Services Act (MHSA) Annual Update

The Mental Health Services Act (MHSA) provides approximately 25% of California's Mental Health services funding. The 3-Year Plan outlines available county mental health services and goals. MHADAB was created, in part, to oversee and guide the use of MHSA funding.

For an overview of current MHSA programs, look through Shasta County's most recently published 3-Year Plan.

The Annual Update to our current 3-Year Plan is in progress, your feedback on these programs is valued. Please reach out to our MHSA team with any commentary or suggestions regarding the Annual Update at mhsa@co.shasta.ca.us.

Learn more about Shasta County's MHSA activities at www.ShastaMHSA.com.

- The MHSA The 24-25 Annual Update is currently being drafted
- Innovation Project Psychiatric Advance Directives (PADS)
 Phase II is open for public comment until 5 p.m. on May 19, 2024

 Staff will be participating in workgroups with the County Behavioral Health Directors Association of California (CBHDA) to learn more about how BHSA will be implemented.

HHSA BHSS Updates

- The Mobile Crisis Plan was submitted to the State in early April 2024.
- Shasta County is now awaiting approval from the state before formally launching the service with Hill Country as the contract provider.

"Engaging individuals, families and communities to protect and improve health and wellbeing."

Miguel Rodriguez, LCSW, Behavioral Health and Social Services Branch Director
Bailey Cogger, Behavioral Health and Social Services Interim Deputy Branch Director

alifornia Association of Local Behavioral Health Boards and Commissions

Changes take effect: January 1, 2025

Email: info@calbhbc.com

www.calbhbc.org

CALBHB/C SUPPORTS THE WORK OF CA's 59 LOCAL BEHAVIORAL HEALTH BOARDS AND COMMISSIONS.

CA WIC 5604 and 5963.03—Behavioral Health Boards: Bylaws, Duties, Expenses, Membership

C alifornia's Welfare & Institutions Code (WIC) for local behavioral health boards & commissions includes:

Bylaws (5604.5)

Duties (5604.2) & MHSA Duties (**5963.03**)

Expenses (5604.3)

Membership (5604)

Changes due to Proposition 1 (SB 326) appear in **bold print.**

WIC is also on-line at:

www.calbhbc.org/legislation-mhbwic.html

Bylaws (WIC 5604.5)

The local **behavioral** health board shall develop bylaws to be approved by the governing body which shall do all of the following:

- (a) Establish the specific number of members on the **behavioral** health board, consistent with subdivision (a) of Section 5604.
- (b) Ensure that the composition of the **behavioral** health board represents and reflects the diversity and demographics of the county as a whole, to the extent feasible.
- (c) Establish that a quorum be one person more than one-half of the appointed members.
- (d) Establish that the chairperson of the **behavioral** health board be in consultation with the local **behavioral** health director.
- (e) Establish that there may be an executive committee of the **behavioral** health board.

Expenses (WIC 5604.3)

- (a) (1) The Board of Supervisors may pay from any available funds the actual and necessary expenses of the members of the **Behavioral** Health Board of a community mental health service incurred incident to the performance of their official duties and functions.
- **(2)** The expenses may include travel, lodging, **child-care** and meals for the members of an advisory board while on official business as approved by the director of behavioral health programs.
- (b) Governing bodies are encouraged to provide a budget for the local **behavioral** health board, using planning and administrative revenues identified in subdivision (c) of Section 5892 [see below], that is sufficient to facilitate the purpose, duties, and responsibilities of the local **behavioral** health board.
- WIC 5892 (c) The allocations pursuant to subdivisions (a) and (b) shall include funding for annual planning costs pursuant to Section 5847 and 5963.03. The total of these costs shall not exceed 5 percent of the total of annual revenues received for the Local Behavioral Health Services Fund. The planning costs shall include funds for county mental health programs to pay for the costs of consumers, family members, and other stakeholders to participate in the planning process ...

Issue Briefs: www.calbhbc.org Resources: www.calbhbc.org/resources

Duties of Boards & Commissions (5604.2)

The local **behavioral** health board shall: (WIC 5604.2(a))

- Review and evaluate the community's public behavioral health needs, services, facilities, and special problems in any facility within the county or jurisdiction where mental health or substance use disorder evaluations or services are being provided, including, but not limited to, schools, emergency departments, and psychiatric facilities.
- 2. (A) Review any county agreements entered into pursuant to <u>Section 5650</u>. (B) The local behavioral health board may make recommendations to the governing body regarding concerns identified within these agreements.
- 3. **(A)** Advise the governing body and the local **behavioral** health director as to any aspect of the local **behavioral** health program. **(B)** Local **behavioral** health boards may request assistance from the local patients' rights advocates when reviewing and advising on mental health or substance use disorder evaluations or services provided in public facilities with limited access.
- 4. **(A)** Review and approve the procedures used to ensure citizen and professional involvement at all stages of the planning process. **(B)** Involvement shall include individuals with lived experience of mental illness and their families, community members, advocacy organizations, and mental health professionals. It shall also include other professionals that interact with individuals living with mental illnesses on a daily basis, such as education, emergency services, employment, health care, housing, law enforcement, local business owners, social services, seniors, transportation, and veterans.
- 5. Submit an annual report to the governing body on the needs and performance of the county's **behavioral** health system.
- 6. (A) Review and make recommendations on applicants for the appointment of a local director of behavioral health services.(B) The board shall be included in the selection process prior to the vote of the governing body.
- 7. Review and comment on the county's performance outcome data and communicate its findings to the California Behavioral Health Planning Council.
- 8. This part does not limit the ability of the governing body to transfer additional duties or authority to a **behavioral** health board.
- (b) It is the intent of the Legislature that, as part of its duties pursuant to subdivision (a), the board shall assess the impact of the realignment of services from the state to the county, on services delivered to clients and on the local community.

Duties of Boards & Commissions (MHSA)

BHSA Duties from Code Section 5963.03

- (b) (1) The behavioral health board established pursuant to Section 5604 shall conduct a public hearing on the draft integrated plan and annual updates at the close of the 30-day comment period required by subdivision (2) Each plan and update shall include any substantive written recommendations for revisions. The adopted integrated plan or update shall summarize and analyze the recommended revisions. (4) The behavioral health board shall review the adopted integrated plan or update and make recommendations to the local mental health agency, local substance use disorder agency, or local behavioral health agency, as applicable, for revisions. (5) The local mental health agency, local substance use disorder agency, or local behavioral health agency, as applicable, shall provide an annual report of written explanations to the local governing body and the State Department of Health Care Services for any substantive [see (d) below] recommendations made by the local behavioral health board that are not included in the final integrated plan or update.
- (d) For purposes of this section "Substantive recommendations made by the local behavioral health board" means any recommendation that is brought before the board and approved by a majority vote of the membership present at a public hearing of the local behavioral health board that has established its quorum.

Membership (WIC 5604.)

- (a) (1) **(A)** Each community mental health service shall have a **behavioral** health board consisting of 10 to 15 members, depending on the preference of the county, appointed by the governing body, except that **a board in a county** with a population of fewer than 80,000 may have a minimum of five members. **(B)** A county with more than five supervisors shall have at least the same number of members as the size of its board of supervisors. **(C)** This section does not limit the ability of the governing body to increase the number of members above 15.
- (2) (A) (i) The board shall serve in an advisory role to the governing body, and one member of the board shall be a member of the local governing body.
- (ii) Local behavioral health boards may recommend appointees to the county supervisors.
- (iii) The board membership should reflect the diversity of the client population in the county to the extent possible.
- **(B)(i)** Fifty percent of the board membership shall be consumers, or the parents, spouses, siblings, or adult children of consumers, who are receiving or have received **behavioral** health services. **At least one of these members shall** be an individual who is 25 years of age or younger.
- (ii) At least 20 percent of the total membership shall be consumers, and at least 20 percent shall be families of consumers
- **(C) (i)** In counties with a population of 100,000 or more, at least one member of the board shall be a veteran or veteran advocate. In counties with a population of fewer than 100,000, the county shall give a strong preference to appointing at least one member of the board who is a veteran or a veteran advocate.
- (ii) To comply with clause (i), a county shall notify its county veterans service officer about vacancies on the board, if a county has a veterans service officer.
- (D) (i) At least one member of the board shall be an employee of a local education agency.
- (ii) To comply with clause (i), a county shall notify its county office of education about vacancies on the board.
- **(E) (i)** In addition to the requirements in subparagraphs **(B), (C), and (D),** counties are encouraged to appoint individuals who have experience with, and knowledge of, the behavioral health system.
- (ii) This would include members of the community that engage with individuals living with mental illness in the course of daily operations, such as representatives of county offices of education, large and small businesses, hospitals, hospital districts, physicians practicing in emergency departments, city police chiefs, county sheriffs, and community and nonprofit service providers.
- (3)(A) In counties with a population that is **fewer** than 80,000, at least one member shall be a consumer and at least one member shall be a parent, spouse, sibling, or adult child of a consumer, who is receiving, or has received, mental health **or substance use disorder** services.
- (B) Notwithstanding subparagraph (A), a board in a county with a population that is **fewer** than 80,000 that elects to have the board exceed the five-member mini-

- mum permitted under paragraph (1) shall be required to comply with paragraph (2).
- (b)(1) The behavioral health board shall review and evaluate the local public mental health system, pursuant to Section 5604.2, and review and evaluate the local public substance use disorder treatment system.
- **(2)** The behavioral health board shall advise the governing body on community mental health services delivered by the local mental health agency or local behavioral health agency, as applicable.
- (c)(1) The term of each member of the board shall be for three years.
- **(2)** The governing body shall equitably stagger the appointments so that approximately one-third of the appointments expire in each year.
- (d) If two or more local agencies jointly establish a community mental health service pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the **behavioral** health board for the community mental health service shall consist of an additional two members for each additional agency, one of whom shall be a consumer or a parent, spouse, sibling, or adult child of a consumer who has received mental health **or substance use disorder treatment** services.
- **(e)**(1) Except as provided in paragraph (2), a member of the board or the member's spouse shall not be a full-time or part-time county employee of a county mental health and substance use disorder service, an employee of the State Department of Health Care Services, or an employee of, or a paid member of the governing body of, a mental health contract agency.
- (2) A consumer of **behavioral** health services who has obtained employment with an employer described in paragraph (1) and who holds a position in which the consumer does not have any interest, influence, or authority over any financial or contractual matter concerning the employer may be appointed to the board. The member shall abstain from voting on any financial or contractual issue concerning the member's employer that may come before the board.
- (f) Members of the board shall abstain from voting on any issue in which the member has a financial interest as defined in Section 87103 of the Government Code.
- (g) If it is not possible to secure membership as specified in this section from among persons who reside in the county, the governing body may substitute representatives of the public interest in mental health who are not full-time or part-time employees of the county mental health service, the State Department of Health Care Services, or on the staff of, or a paid member of the governing body of, a **behavioral** health contract agency.
- (h) The behavioral health board may be established as an advisory board or a commission, depending on the preference of the county.
- (i) For purposes of this section, "veteran advocate" means either a parent, spouse, or adult child of a veteran, or an individual who is part of a veterans organization, including the Veterans of Foreign Wars or the American Legion.
