Administrative Permit Application Checklist

- [] 1. Application (attached): Original [Planning Permit Master Application](#) form completed (typed or printed and wet signed).
- [] 2. Site Plan: Five (5) copies of a site plan. An 8-1/2" x 11" size paper works well for drawing the property outline. Once the property outline is drawn, please draw the existing and proposed improvements (driveway, well, septic, disposal field, etc.), structures (home, garage, shop, etc.), uses (pasture, orchard, etc.), and features (creeks, drainages, etc.) for the property. Site plan should be to scale, or at least proportionate, write in distances to show location, and label the use of all existing and proposed structures (such as house, mobile home, garage, or barn), as well as all items in the list below. (See attached example for guidance.)
- Make sure the following required information is shown on the plot plan
(*Certain uses may require additional site plan information. See applicable supplemental checklist*)
1. The parcel in its entirety, and if necessary, an inset map to show detail.
 2. All attached and detached structures both existing and proposed, labeled clearly with square footage and use for each.
 3. Setback distances from proposed and existing structures to all property lines.
 4. Property owner's name.
 5. Assessor's Parcel Number(s) for the property.
 6. Address of property.
 7. North arrow and scale.
 8. Acreage of property.
 9. Type and width of easements.
 10. Septic system and well location, both existing and proposed. Also show the distance to the neighbor's septic system and well if less than 90 feet from your property line.
 11. Dedicated septic system expansion/replacement area (if on private on-site septic system).
 12. Roads and driveways, including length and width, turn radius (used for Fire Department and Public Works), and estimated grade.
 13. Drainages and waterways. Include distances from existing and proposed structures and indicate the toe and top of bank including seasonal or dry creek beds, also include any ponds on the parcel or neighbor's parcel.
 14. Location of soil profile pit and percolation test holes (for new septic systems).
 15. Existing and proposed utility locations (electric, cable, phone, water including meter location(s), and sewer connection).
 16. If the proposed building is to be connected to electric, water, or sewer facilities, including on-site wastewater treatment systems, show the location and route of the connection and label whether the connection is above or underground. Nearest fire hydrant.
- [] 3. Five (5) copies of **floor plans** and **elevations** (label square footage and total height) for all projects with proposed new buildings or structures, conversion or new uses of existing structures, and/or additions to or modification of existing structures. (*Certain uses may require additional floor plan information. See applicable supplemental checklist*)

Administrative Permit Application Checklist

- [] 4. Project Background Information Form (attached): **Original plus five (5) copies** completed (typed or printed).
- [] 5. Authorization to Enter Private Property (attached): Signed by property owner or authorized agent.
- [] 6. Authorized Representation (attached): If someone is to submit the application on behalf of the applicant or property owner, for property not owned by the applicant, and/or is to be the representative of the applicant in any other capacity, a notarized statement of agency signed by the property owner authorizing representation by a person or agency must be submitted.
- [] 7. The appropriate non-refundable filing fees.
- [] 8. SCFD Exception for projects requesting reduced setbacks.
- [] 9. Completed Administrative Permit Application Checklist form, noting any items which are not applicable.
- [] 10. F2 Zone District - Provide a completed Flood Hazard Information Request from Department of Public Works (if a building permit is currently in process, provide the building permit application number: _____); If not, submit a request and fee directly to DPW and provide a copy of the completed FHIR or receipt).

Note: For projects which involve or may require installation of a new on-site wastewater treatment system (OWTS) or expansion of an existing OWTS; and/or for projects on lots that area substandard in size or exhibit other physical qualities that may limit suitable area for future replacement of a failed OWTS, soil percolation testing data may be requested as part of the administrative permit application review process. It is advisable to visit or call the Shasta County Environmental Health Division for information about sewage disposal requirements and standards and feedback on your proposal prior to submittal in order to avoid delay during the review process.

Authorization to Enter Private Property

PROJECT# _____

Government Code Section 65105 authorizes County Planning Division personnel, in the performance of their duties, to enter property and make examinations and surveys which do not interfere with use of the land by those persons lawfully entitled to the possession thereof. Oftentimes other responsible and trustee agencies must also be consulted and given the opportunity to review and comment on proposed projects, necessitating their entry onto the property in order to obtain relevant information needed to process an application in a timely way.

If County and consulting agency personnel are not able to enter the project site/property, significant delays in the processing of the project, particularly the environmental review of the project, could occur and the project applicant may be required to hire consultants to submit information necessary to prepare additional environmental documents addressing the project site.

I have read and understand the foregoing. I authorize the County and other consulting personnel to enter the property located at:

_____ for the purposes of examining the property with respect to the proposed project/land-use, upon making reasonable efforts to give me a 24-hour advance notice of intended entry.

Family Care Unit Supplementary Packet

(Requires an administrative permit packet to be submitted with the supplementary packet. A building permit for a mobile home utility & installation is also required. All paperwork must be completed in full in order to process.)

In this Packet

- ✓ Determination of Need for Temporary In Home Care *(to be filled out by the applicant)*
- ✓ Requirements of Physician's letter to Public Health Officer
- ✓ Review of Physician Documentation of Medical Need for In-Home Care *(to be filled out by the County Public Health Officer)*

17.88.210 Family care residence.

17.88.210 Family care residence.

A family care residence is a mobile home placed temporarily on a lot for the purpose of providing temporary in-home care to family members due to a medical need. Where allowed in the particular zone district, a family care residence may be permitted on a lot which contains a permitted dwelling, provided:

- A. No family care residence shall be permitted on a lot which has more than one dwelling unit.
- B. The temporary mobile home is for the exclusive use and temporary in-home care of a grandparent or grandparents, parent or parents, siblings or children, or grandchildren of the occupant of the principal dwelling unit; or the principal dwelling unit may be designated as the family care residence, in which case the temporary mobile home shall be utilized by the relative or non-family caregiver providing the care.
- C.
 1. A licensed physician (as defined by Section 2050 et seq. of the Business and Professions Code of the state of California) has provided to the county health officer, in writing:
 - a. A specific diagnosis; and
 - b. A determination, based on the impact the diagnosis has on the intended occupant's activities of daily living, that there is a significant medical need, which may include frailty, for such temporary in-home care.
 2. The county health officer has provided to the director of resource management, in writing, a statement, based on the intended occupant's physician's determination in subsection C.1 of this section that in-home care is warranted.
- D. The intended occupants of the mobile home cannot reasonably be housed in the principal dwelling unit. The applicant shall provide information regarding the living situation that substantiates the need for a family care mobile home.

- E. All requirements of the county environmental health division shall be met and the family care mobile home shall utilize existing water and wastewater facilities available on-site.
- F. All required installation permit(s) are issued by the building division.
- G. All parcels subject to this subsection shall be at least one acre in size.
- H. The location of the family care mobile home shall meet setback requirements found in the base zone district and applicable fire safety standards.
- I. Mobile homes placed under this section shall meet the following requirements:
 - 1. The body of the mobile home, excluding chassis, shall not be larger than a single-wide unit. Measurement of width shall not include any permanently attached portion of their mobile home which folds into the main body for transportation.
 - 2. The axle shall remain on the unit.
 - 3. Skirting may be affixed to the mobile home for energy conservation, but no skirting or other improvement shall be affixed to or placed adjacent to the mobile home which may limit its mobility.
 - 4. The mobile home shall be currently registered pursuant to Chapter 4.7 (commencing with Section 18075) of Part 2 of Division 13 of the California Health and Safety Code.
- J. The term of any administrative permit issued for a family care residence pursuant to this subsection shall be four years; provided, notwithstanding the provisions of subsection F of Section 17.92.050, the permit shall be renewable in four-year increments provided that in each case an application for renewal shall be made prior to expiration of the permit, which shall include:
 - 1. Payment of a renewal fee as set by the board of supervisors; and
 - 2. A written statement signed by a licensed physician confirming the medical need, which may include frailty, for continuing temporary in-home care for the occupant(s) of the mobile home, or for the non-family caregiver providing the care.
- K. Upon expiration of the permit or when temporary in-home care is no longer needed, the mobile home shall be removed from the property within ninety days. The mobile home shall not be occupied during that period. A longer period may be approved in writing by the resource management director.

(Ord. No. 2014-01, § I, 1-7-2014)
