Authorization to Enter Private Property

PROJECT# _____

Government Code Section 65105 authorizes County Planning Division personnel, in the performance of their duties, to enter property and make examinations and surveys which do not interfere with use of the land by those persons lawfully entitled to the possession thereof. Oftentimes other responsible and trustee agencies must also be consulted and given the opportunity to review and comment on proposed projects, necessitating their entry onto the property in order to obtain relevant information needed to process an application in a timely way.

If County and consulting agency personnel are not able to enter the project site/property, significant delays in the processing of the project, particularly the environmental review of the project, could occur and the project applicant may be required to hire consultants to submit information necessary to prepare additional environmental documents addressing the project site.

I have read and understand the foregoing. I authorize the County and other consulting personnel to enter the property located at:

_____ for the purposes of examining the property with respect to the proposed project/land-use, upon making reasonable efforts to give me a 24-hour advance notice of intended entry.
