TENTATIVE MAP APPLICATION COMPLETENESS CHECKLIST

The following checklist is intended to identify all information which will be necessary to process your tentative map application. Please be advised that these are modified occasionally without notice. Failure to submit all information requested may prevent or delay processing of your application.

PART 1 - INFORMATION TYPE AND NUMBER OF COPIES:

- 1. One (1) completed original "Master Application" form (attached) (printed or typed).
- 2. Twenty five (25) blueline copies of the tentative map folded to a size equal to or less than 8½" x 11". (NOTE: Tentative maps are required to contain all information listed in Part 2).
- 3. Twenty five (25) copies of the United States Geological Survey (USGS) topographic map identifying the location of the project site. (8½" x 11" photocopies are acceptable.)
- 4. One (1) copy of the Assessor's parcel page showing the project site.
- 5. Two (2) copies of a current (no older than one month) preliminary title report, including (a) reference to the easement(s) providing officially recorded access from the project site to a public road.
- 6. One (1) copy of the current deed(s) to the property(s) proposed for division. If property owner is a partnership, corporation or holding company, submit current documents identifying the names and addresses of all partners or officers.
- 7. Proof of the legal creation of the property(s) proposed division. (For Example: (1) Reference to the book and page of the recorded parcel or final map, or (2) a copy of the recorded deed(s) which legally created the property(s) proposed for division and all deeds since creation demonstrating that a separate legal status has been maintained.)
- 8. Proof of officially recorded access to a public road, unless access is obtained directly off of a public road.
- 9. One (1) of the following:
 - _____ a. Soil tests results and groundwater information demonstrating compliance with applicable sewage disposal standards, or
 - _____ b. A letter from an existing public entity indicating sewer service is available and can be provided, or
 - _____ c. A letter proposing formation of a county service area to provide sewer service including sufficient information to demonstrate that the proposed method of sewage treatment and disposal is feasible.
- 10. One (1) of the following:
 - _____ a. Proof of a source of domestic water adequate in both quantity and quality, or

- b. A letter from an existing service entity providing water service indicating water service is available and can be provided, or
 - c. A letter proposing formation of a county service area to provide water service including sufficient information to demonstrate that the proposed method of water supply is feasible.
- 11 Completed "Grading Statement" (form attached).
 - 12 Ten (10) copies of a preliminary grading plan if on-site grading will be required for road and/or building pad improvement.
 - 13 Ten (10) copies of the completed "Environmental Information Form."
 - 14 Completed and notarized "Statement of Agency" (form attached), if you wish to authorize an agent to represent you in processing your application.
 - 15 For divisions involving final maps (not parcel maps), a preliminary soils report, as required by the Subdivision Map Act. (2 copies).
 - 16 If applicable, completed application(s) for General Plan Amendment, rezoning, variance, property line adjustment, and/or use permit necessary to allow approval of the tentative map application. (Consult with staff for applicability.)
 - 17. If applicable, a letter plus 4 copies indicating the reasons for any requested exceptions to adopted policies and/or development standards.
 - 18 Land Division Supplementary Information Sheet.
 - 19. Completed "Tentative Map Application Completeness Checklist" form, noting any items which are not applicable.
 - 20. Applicable Planning, Environmental Health, Fire Department, and Public Works application fees.
 - 21. Check for \$75.00 **stapled to front of the application form only, payable to the Northeast Information Center, Chico State University** for archaeological clearance.
 - 22. One (1) signed "Authorization to Enter Private Property" form.

PART 2 - TENTATIVE MAP INFORMATION:

- 1. The map shall be 18" x 26" in size, legible, and at a scale of not less than 1" = 400'. (Larger maps and/or smaller scales may be submitted if approved by the Planning Division Manager.) If more than one (1) sheet is required one (1) composite map shall be submitted along with the other required copies.
- 2. Accurate location map with enough information to allow staff to locate access roads and the property in the field.
- 3. Subdivision name, if any.

- 4. North arrow, scale, township, section and range, assessor's parcel number, and date map was prepared.
- 5. Name, address, zip code, and phone number of record owner(s) of the property to be divided.
- 6. Name, address, zip code, and phone number of subdivider (if different than record owner).
- 7. Name of record owner(s) of all contiguous property.
- 8. Name, registration number (if applicable), business address, zip code and phone number of the qualified person who prepared the map.
- 9. Approximate lot layout, dimensions, area, and number or letter of each proposed parcel.
- 10. Total area within (a) roads and (b) easements for roads, improved surface drainages, canals or irrigation ditches, transmission lines, and exclusive easements.
- 11. Total project size and density proposed.
- 12. Sufficient elevations and topographic contours to illustrate the general slope and shape of the land. For projects located in residential General Plan designations:
 - (a) identify the location of all slopes of 30% or more grade; and
 - (b) provide a table indicating the area (acreage or square footage) for that portion of each lot of 30% or greater slope and the area less than a 30% slope.
- 13. Preferred building envelope and proposed driveway locations as they relate to slopes and future septic system locations, to be located outside of required yard areas. (Applicable when the average cross slope of the site is 20% grade or greater.)
- 14. Approximate location, width, depth, and direction of flow of all existing and proposed watercourses including seasonal streams or ponds and bodies of water.
- 15. Approximate areas located within the "F-1" and/or "F-2" flood plain zones and areas which experience seasonal inundation along with ground habitable floor elevations for "F-2" areas.
- 16. The outline of all existing buildings (including mobilehomes) located on the property and the distance from the buildings to the nearest existing and proposed streets and parcel boundaries. Map must identify the use of structure, i.e., residence, barn, etc.
- 17. Location of all water lines, ditches, culverts, public utilities, and other underground facilities within each parcel.
- 18. Approximate locations of existing wells, springs, sewage disposal systems, test wells, percolation holes and test pits, with sufficient flagged reference points for field check purposes.
- 19. Delineate disposal areas for sewage disposal and indicate their approximate size, in acreage or square feet, for each lot and the name of the person who conducted the percolation test and the date of the testing.

- 20. If wells are proposed as a source of water, show the proposed well location(s) on each parcel.
- 21. Location and character of all existing and proposed public utility facilities on the property and on adjoining streets.
- 22. Width and location of all existing road and utility easements, noting the official record book and page numbers.
- 23. Road names for each existing road and letters (e.g. Road "A") for each unnamed road. Submit three (3) proposed road names for each unnamed road (propose on map or on separate sheet).
- 24. Location, surface type and width, right-of-way width, approximate grade, and curve radii of all existing and proposed on and off-site roads to be used for access.
- 25. Location and radii of all existing and proposed cul-de-sacs.
- 26. Location of all existing and proposed encroachments to County roads.
- 27. Preliminary roadway cut and fill slope catch points. Cuts and fills that do not exceed 5 feet need only be noted on the face of the map.
- 28. For separation of existing facilities application, for facilities established prior to a use permit or an administrative permit, a code compliance inspection by the Building Division be submitted demonstrating the structures habitability under the State of California Health and Safety Code.
- 29. When submitting revised maps, indicate in the lower right hand corner of the map the revision number, the date of the revised map and reason(s) for the revision. Submit ten (10) copies of the revised map.

Generally, Zoning Permits and Residential Administrative Permits will not require the completion of the following sections: "Hazardous Site Review Statement", "Hazardous Materials Disclosure Statement", or "Military Land Use Compatibility", as part of this Application Form. These sections must be completed for all applications that require Planning Commission and/or Board of Supervisors approval.

I/We, the applicant, certify that the following responses are true and correct. Yes No

HAZARDOUS MATERIALS DISCLOSURE STATEMENT

Government Code Section 65850.2 requires the owner or authorized agent for any development project to disclose whether:

1. Compliance will be needed with the applicable requirements of Section 25505 and Article 2 (commencing with Section 25531) of Chapter 6.95 of Division 20 of the Health and Safety Code or the requirements for a permit for construction or modification from the air pollution control district or air quality management district exercising jurisdiction in the area governed by the County.

Yes No

2. The proposed project will have more than a threshold quantity of regulated substance in a process or will contain a source or modified source of hazardous air emissions.

Yes No

HAZARDOUS SITE REVIEW STATEMENT

Government Code Section 65962.5 (f) requires the applicant for any development project to consult specified state-prepared lists and submit a signed statement to the local agency indicating whether the project is located on an identified site. Under the statute, no application can be accepted as complete without this signed statement.

I/We certify that I/We have investigated this development project with respect to the Cal EPA's Cortese List Data Resources webpage and that my/our answers are true and correct to the best of my/our knowledge. My/Our investigation has shown that:

The project is NOT located on any of the lists compiled pursuant to Section 65962.(e) of the Government Code.

The project IS located on one of the lists compiled pursuant to Section 65962.(e) of the Government Code. Please specify the list, the date of the list, and the property's regulatory identification number:

MILITARY LAND USE COMPATIBILITY

Using the California Military Land Use Compatibility Analyst website, the owner or authorized agent has determined whether the project is located within 1,000 feet of a military installation, beneath a low-level flight path or within special use airspace as defined in Section 21098 of the Public Resources Code, and within an urbanized area as defined by Government Code Section 65944.

Yes No

BY SIGNING THIS APPLICATION, THE APPLICANT/PROPERTY OWNER AGREES TO DEFEND, INDEMNIFY, AND HOLD THE COUNTY HARMLESS FROM ANY CLAIM, ACTION, OR PROCEEDING BROUGHT TO ATTACK, SET ASIDE, VOID, OR ANNUL THE COUNTY'S APPROVAL OF THIS APPLICATION AND ENVIRONMENTAL REVIEW ASSOCIATED WITH THE PROPOSED PROJECT, AS MORE FULLY DESCRIBED IN CHAPTER 1.18 OF THE SHASTA COUNTY CODE.

APPLICANT/AGENT: I have reviewed this application and attached material. The information provided is accurate.

TENTATIVE MAP APPLICATION INFORMATION

1. Any division of land in the unincorporated area of Shasta County for the purpose of sale, lease, financing or gift deed requires approval of a tentative map application.
2. Prior to filing an application, we encourage you to discuss your proposed project with the staff of the Planning Division. For additional information regarding land divisions, you may wish to review and/or purchase copies of the State Subdivision Map Act and the Subdivisions chapter of the Shasta County Code, both of which are available at the Planning Division counter.
3. Tentative map applications fall into three categories:
 - a. FINAL MAP SUBDIVISIONS - A "final map" is required to be recorded when 5 or more lots are proposed to be created, and any lot is less than 40 acres in size.
 - b. PARCEL MAPS - A "parcel map" is generally required to be recorded when four or fewer lots are proposed to be created. If the property to be subdivided has been surveyed, County policy is to require that a parcel map be recorded to divide the property.
 - c. PARCEL MAP WAIVER - A "parcel map waiver" is a request to waive the requirement to record a parcel map in order to divide the property. The request may be granted when each lot is 40 acres or larger in size.
4. A tentative map is prepared by a registered civil engineer, a licensed surveyor, or a professional land use planner, and is submitted to the Planning Division along with the required items shown on the attached checklist and the appropriate fees. Those land division applications eligible for a parcel map waiver request may be prepared by the applicant.
5. The tentative map application is reviewed by County staff to determine if it is complete for processing (i.e. the information provided is adequate to continue processing). If the application is incomplete, the applicant is notified of the information needed, and no further action will be taken on the map until you supply that information. If the applicant does not submit the requested information within 30 days, the application may be deemed abandoned and no further processing will occur. Once the application is complete, it will take about 4 to 6 weeks to complete processing. The application will be scheduled for a public hearing at the earliest date possible.
6. The Planning Commission will hold a public hearing, and will decide whether to approve or deny the application. The Commission's decision may be appealed to the Board of Supervisors by any interested person within 10 calendar days of the decision.
7. The parcel map or final map is submitted to the Department of Public Works for checking.

8. When all conditions have been met, the parcel map or final map or "Notice of Approval of Waiver of Parcel Map" is filed with the County Recorder's Office.
9. Lots *may be offered* for sale, lease or financing prior to approval of the tentative map application. However, lots *may not be created* by sale, lease or financing until the parcel map, final map or a "Notice of Approval of Waiver of Parcel Map" is recorded.
10. All tentative map approvals *expire* 24 months after the first date of approval. Modification of an approved tentative map or conditions of approval by the Planning Commission or Board of Supervisors *does not* extend the 24 month time limit.
11. You may apply for an extension of time in writing (with fee) prior to the expiration date. If the extension is approved, the conditions of the map may be modified to meet current County standards.

Authorization to Enter Private Property

PROJECT# _____

Government Code Section 65105 authorizes County Planning Division personnel, in the performance of their duties, to enter property and make examinations and surveys which do not interfere with use of the land by those persons lawfully entitled to the possession thereof. Oftentimes other responsible and trustee agencies must also be consulted and given the opportunity to review and comment on proposed projects, necessitating their entry onto the property in order to obtain relevant information needed to process an application in a timely way.

If County and consulting agency personnel are not able to enter the project site/property, significant delays in the processing of the project, particularly the environmental review of the project, could occur and the project applicant may be required to hire consultants to submit information necessary to prepare additional environmental documents addressing the project site.

I have read and understand the foregoing. I authorize the County and other consulting personnel to enter the property located at:

_____ for the purposes of examining the property with respect to the proposed project/land-use, upon making reasonable efforts to give me a 24-hour advance notice of intended entry.
