**APPLICATION REVIEW PROCEDURE**

1. The applicant should discuss the proposed project with staff, normally at the public counter. For larger or more complex projects, a meeting should be scheduled.
2. The applicant prepares the application materials and files them with the Planning Division.
3. Staff reviews the application for completeness. Within thirty (30) days after filing, written notice is sent to the applicant indicating the application is either:
  - a) "complete", and processing will continue, or
  - b) "incomplete", and more information must be submitted before processing can continue.
4. After the application is complete, staff conducts environmental and technical reviews, and prepares recommended conditions of approval. Written notice is sent to the applicant regarding the conclusions of staff's review.
5. The Planning Commission holds a public hearing. The Commission may approve, approve subject to conditions, deny the application, or continue the matter to another date.
6. The decision of the Planning Commission may be appealed to the Board of Supervisors.

The appeal must be filed within a specified time following the Commission's decision, as follows:

**Use Permit - Variance - Rezoning: 5 calendar days**

**Tentative Maps: 10 calendar days**

**Extension of Time for Tentative Maps: 15 calendar days**

7. The decision of the Planning Director regarding Administrative Permits and Zoning Permits may be appealed to the Planning Commission within **5 calendar days** of the decision.

Generally, Zoning Permits and Residential Administrative Permits will not require the completion of the following sections: "Hazardous Site Review Statement", "Hazardous Materials Disclosure Statement", or "Military Land Use Compatibility", as part of this Application Form. These sections must be completed for all applications that require Planning Commission and/or Board of Supervisors approval.

I/We, the applicant, certify that the following responses are true and correct. Yes  No

### HAZARDOUS MATERIALS DISCLOSURE STATEMENT

Government Code Section 65850.2 requires the owner or authorized agent for any development project to disclose whether:

1. Compliance will be needed with the applicable requirements of Section 25505 and Article 2 (commencing with Section 25531) of Chapter 6.95 of Division 20 of the Health and Safety Code or the requirements for a permit for construction or modification from the air pollution control district or air quality management district exercising jurisdiction in the area governed by the County.

Yes  No

2. The proposed project will have more than a threshold quantity of regulated substance in a process or will contain a source or modified source of hazardous air emissions.

Yes  No

### HAZARDOUS SITE REVIEW STATEMENT

Government Code Section 65962.5 (f) requires the applicant for any development project to consult specified state-prepared lists and submit a signed statement to the local agency indicating whether the project is located on an identified site. Under the statute, no application can be accepted as complete without this signed statement.

I/We certify that I/We have investigated this development project with respect to the Cal EPA's Cortese List Data Resources webpage and that my/our answers are true and correct to the best of my/our knowledge. My/Our investigation has shown that:

The project is NOT located on any of the lists compiled pursuant to Section 65962.(e) of the Government Code.

The project IS located on one of the lists compiled pursuant to Section 65962.(e) of the Government Code. Please specify the list, the date of the list, and the property's regulatory identification number:

### MILITARY LAND USE COMPATIBILITY

Using the California Military Land Use Compatibility Analyst website, the owner or authorized agent has determined whether the project is located within 1,000 feet of a military installation, beneath a low-level flight path or within special use airspace as defined in Section 21098 of the Public Resources Code, and within an urbanized area as defined by Government Code Section 65944.

Yes  No

## PLOT PLAN INSTRUCTIONS

# AN ACCURATE PLOT PLAN WILL HELP SHORTEN THE REVIEW TIME OF YOUR PROJECT

The purpose of a plot plan is to establish a clear record of the use of property. It may be helpful to think of how the property would look if you were flying above it and represent this on paper. You might start with an assessor's plat map (copies available at the assessor's office) for a detailed outline of your property.

An 8½" x 11" size paper works well for drawing the property outline. Once the property outline is drawn, please draw what is existing and proposed for the property. Try to keep size proportionate, write in distances to show location, and label the use of all existing or proposed structures (such as house, mobilehome, garage, or barn).

Make sure the following is shown on the plot plan:

1. Property owner's name
2. Assessor's parcel number for the property
3. North arrow and scale
4. Acreage of property
5. Square footage of buildings
6. Indicate whether there are mobilehomes or houses and indicate whether there is a garage attached to the house and list the size
7. Easements shown and labeled
8. Septic system and well location, both existing and proposed. Also show the distance to the neighbor's septic system and well
9. Roads and driveways shown and labeled, list length and width (used for Fire Department and Public Works)
10. Drainages and waterways shown and labeled.

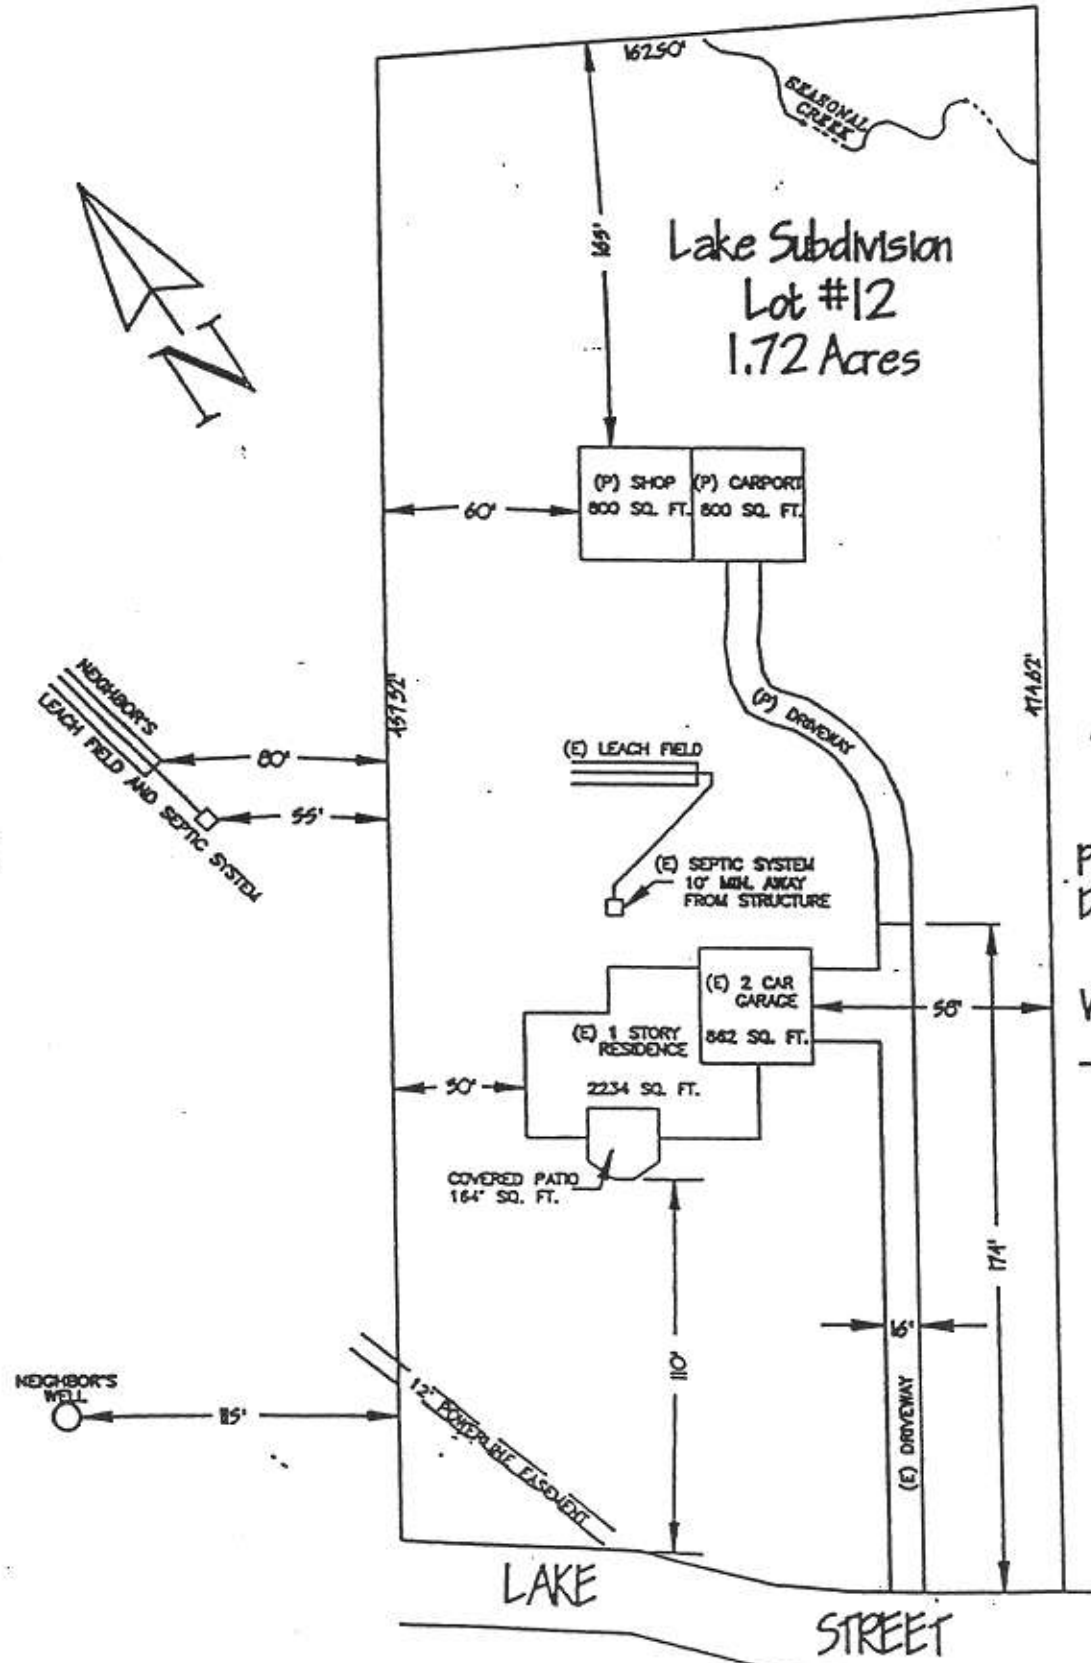

On the back of this page is an example to review.

Please ask for help if you have any further questions.

Note: If your project involves grading, please provide a slope cross-section.

**ENVIRONMENTAL REVIEW PROCEDURE**

The California Environmental Quality Act (CEQA) required an assessment of environmental impact for all projects requiring a permit or other discretionary approval from Shasta County decision-making bodies. The County Environmental Review Officer is responsible for making initial environmental determinations and recommending appropriate environmental findings to the decision-making body for adoption.

After a review of pertinent information, the Environmental Review Officer will make an initial environmental determination. This determination will result in one of the following:

1. An Exemption - This means your project meets criteria for exemption from the requirements of the CEQA. No additional environmental review is required.
2. A Negative Declaration - This means your project will not result in any significant effects on the environment. If conditions (mitigation measures) are applied to assure that no significant effects will occur, the environmental document is called a Mitigated Negative Declaration.
3. An Environmental Impact Report (EIR) - This means your project may have a significant effect on the environment and additional information is necessary to determine appropriate mitigation measures. The Environmental Review Officer may give you an option of preparing a "special study" (i.e., traffic study, archaeological survey, etc.) to address the issue(s) instead of preparing an EIR. If an EIR is to be prepared, it must be prepared by a third party consultant selected through the established consultant selection process. An information sheet describing this process and a current consultant list are available upon request.

Please fill out the attached Environmental Information Form as accurately and completely as possible. Failure to do so may result in delays in processing your application.

If you need assistance or if you have any questions, please contact the Shasta County Planning Division. Copies of CEQA and State EIR Guidelines may be obtained from the Planning Division for a small fee which covers the cost of reproduction.

---

---

---

11. Please include a copy of any studies (soils, geology, marketing, etc.) that you had prepared for this project or project site.

III. SERVICES

1. Indicate how the following services will be provided for your project and availability of service.

- a. Electricity: \_\_\_\_\_
- b. Natural Gas: \_\_\_\_\_
- c. Water Supply: \_\_\_\_\_
- d. Sewage Disposal: \_\_\_\_\_
- e. Solid Waste Disposal: \_\_\_\_\_

2. If an extension of service lines is necessary, indicate which service(s) and the distance of the extension(s): \_\_\_\_\_  
\_\_\_\_\_

IV. INDUSTRIAL, COMMERCIAL AND INSTITUTIONAL PROJECTS

1. Total number of employees and number of employees on the largest shift:

\_\_\_\_\_  
\_\_\_\_\_

2. Types of equipment and/or machines to be used:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

3. Number of on-site parking spaces proposed: \_\_\_\_\_

4. Types of materials, chemicals, and/or products to be processed, packaged, or stored:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

5. Describe any hazardous substances to be used on the project site:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

6. Estimate the type and amount of air emissions or odors:

---

---

---

7. Will the project change the ambient noise levels for adjacent properties?

No  Yes, specify: \_\_\_\_\_

---

### Authorization to Enter Private Property

PROJECT# \_\_\_\_\_

Government Code Section 65105 authorizes County Planning Division personnel, in the performance of their duties, to enter property and make examinations and surveys which do not interfere with use of the land by those persons lawfully entitled to the possession thereof. Oftentimes other responsible and trustee agencies must also be consulted and given the opportunity to review and comment on proposed projects, necessitating their entry onto the property in order to obtain relevant information needed to process an application in a timely way.

If County and consulting agency personnel are not able to enter the project site/property, significant delays in the processing of the project, particularly the environmental review of the project, could occur and the project applicant may be required to hire consultants to submit information necessary to prepare additional environmental documents addressing the project site.

I have read and understand the foregoing. I authorize the County and other consulting personnel to enter the property located at:

\_\_\_\_\_ for the purposes of examining the property with respect to the proposed project/land-use, upon making reasonable efforts to give me a 24-hour advance notice of intended entry.
