

Facility Inspections

212.1 GENERAL

The facility is subject to additional inspections by the following:

- The State Board of Corrections
- The Environmental Health Department
- The Environmental Health Services
- The Juvenile Justice Commission
- The State Fire Marshal
- The County Grand Jury
- The County Board of Supervisors
- The U.S. Marshal Service
- The U.S. Border Patrol

All personnel shall assist and cooperate in required inspections, as ordered by the Watch Commander or higher authority.

The Facility Manager, with the assistance of the Correctional Plant Manager shall be the liaison between the Public Works Department for vermin control.

The Facility and Correctional Plant Manager shall insure that vermin/pest control professionals are readily available to the facility and will conduct regular inspections to identify and eradicate any such problems.
