The business listed above is requesting an exemption from recycling and/or organics collection service for the reason(s) indicated below.

- De Minimus Exemption.** An exemption is requested as this business generates a minimum quantity of recyclables and/or organic waste. Select the option that applies below.
 - The Commercial Business' total Solid Waste (recycling/trash/organics) collection service is **2 cubic yards or more per week** and **generates less than 20 gallons** (approx. 2 tall kitchen bags) per week of the material type selected below.
(Mark all that apply.)
 - Recyclables/Blue Cart: paper, cardboard, glass, plastic, cans/metal, untreated wood/pallets, etc.
 - Organic Waste/Green Cart: food scraps, landscape trimmings (grass clippings, leaves, pruning waste) non-hazardous wood, etc.
 - The Commercial Business' total Solid Waste (recycling/trash/organics) collection service is **less than 2 cubic yards per week** and **generates less than 10 gallons** (approx. 1 tall kitchen bag) per week of the material type selected below.
(Mark all that apply.)
 - Recyclables/Blue Cart: paper, cardboard, glass, plastic, cans/metal, untreated wood/pallets, etc.
 - Organic Waste/Green Cart: food scraps, landscape trimmings (grass clippings, leaves, pruning waste) non-hazardous wood, etc.

Please note: When a property management company pays for waste services at a strip center or large building, the business and building owner are not eligible for an exemption based on waste generation if the cumulative (total trash, recyclables, and organics) generation exceeds the minimum generation requirements for an exemption listed above.

- Existing Alternative Service.** A person or organization provides recycling and/or organics collection service, reducing the weekly organic waste produced to below the de minimus threshold. This can include but is not limited to paper shredding and collection services, landscaping companies that haul away trimmings to a recycling facility, food donations to people or animals, self-hauling to a recycling facility, and/or on-site composting.
 - The Commercial Business will provide, upon request, documents demonstrating that the material collected is not landfilled. This may include a landscaping contract, a statement from the collector, etc.
 - If the Commercial Business self-hauls recyclables and/or organics it will provide, upon request, delivery receipts, and weight tickets (if supplied) from each entity receiving recyclables and/or organic materials.

- Physical Space Exemption.** There is a lack of sufficient space for storage or service of hauler-provided Blue and/or Green Containers. The Commercial Business will provide, upon request, supporting documentation that demonstrates the lack of space.
 - Blue Container Green Container Both Blue & Green Container

OTHER

- Limited-term exemptions for an extraordinary and unforeseen event(s). Ex. Fire

Describe:

- I attest that all information presented herein is true and accurate and that no recyclable or organic waste materials generated at this property will be landfilled if this exemption is approved.
- I understand that if the circumstances listed on this exemption request change in such a way that this property no longer satisfies the applicable criteria for an exemption, I will be required to notify the County of Shasta and the exemption will be rescinded.
- I understand that approved Recycling and Organics Waste Collection Waivers expire five years after the signature date below and upon the property changing ownership, at which time this property will need to submit a new exemption request at that time.
